much deserved it, and immediately flew into a passion and said he was a saucey impudent fellow and wou'd make him know his distance, & lett him see he did not make such as him his companion with severall such like scornfull expressions, to w^ch^. M^r^. Padle replyed in a very calm manner S^r^. I bear a comission so well as [you] and then desired he wou'd curb his passion for he cou'd not bear such abuses.

Upon that Cap^t^ Courtney flew into a more violent passion and stepping [by] into the middle of the room immediately drew his sword whereat Ensign Padle (whose sword lay with the belt and scabbard about two steps on one side of him upon two Chairs) gott up and took hold of [it] but before he had compleatly drawn and putting himself into a posture of defence whilst the point of his sword was scarcely out of the sheath and [point]ing downward Cap^t^. Courtney who drew first & was in a readiness advanced on him & struck a forceable blow on Ensign Padles sword w^ch^. beat it up back ward & so struck it out of his hand pushd Ensign Padle into the belly who notwithstanding readily gott hold of his sword again, but in the very ins^tce^. as he stoop'd to recover it Cap^t^. Courtney closed in with him & shuff'd him down into the window when Cap^t^. Courtney had him under, with his left hand on Ensign Padles sword aim and his own sword pointed at Ensign Padles breast bidding him deliver his sword and begg his life, upon this I left them and made what hast I cou'd to call a guard and on my return found Cap^t^. Courtney w^th^ both swords in his hand, & Ensign Padle asking for his sword w^ch^. Cap^t^. Courtney return'd, after this a dispute arose about the difference when Ensign Padle told Cap^t^. Courtney that he used him very scurvily in drawing on him in the ffort and at unawares, but that now he was so good a man as himself w^th^. that Cap^t^. Courtney said Damn me Sirrah what after I have given you your life & sword, you have the impudence to prate & immediately run furiously upon him & catching hold of Ensign Padles sword broke [it into] two peices & then they fell to cuffing but [were prevented] by Serjant Hanton & soon after came [three] of the guard, in whose presence Cap^t^. Courtney continued to abuse Ensign Padle in very scurrilous [lan]guage calling him Skipkennell sorry fellow just come from waiting at a table & treated him w[ith] abundance of such like insufferable expressions [and] at the same time Ensign Padle desired him to [shake] hands & be freinds to w^ch^. Cap^t^. Courtney replyed [he] would not concern himself w^th^. any such fellow as he is.

MATTHEW WELD.

On Sunday the 20^th^ of Jan^ry^. being in M^r^. Welds room Cap^t^. Courtney requested Ensign Padle to lett Richard Pain have liberty for three or four hours in a day to go about said Cap^ts^. buisness [in] such hours as he thought convenient, w^ch^. the Ensign said he could not grant and order'd said Pain to return to his guard, upon which Cap^t^. Courtney said Damme where's your manners to send the fellow away I sent to speak with and at the same time bid Pain stay, upon w^ch^. the Ensign told him he might have him if he would give him another man for him or gett Cap^t^. Hugonins leave for it, which so exasperated Cap^t^. Courtney that he told him if he talked soe to him he would run his Cane down his throat and that he woud have the fellow or any else he pleas'd giving him at the same time opprobious language as [Ras]call and scoundrell, and amongst the rest gave him the lye and starting up shook his Cane at him upon which the Ensign stept to the Couch and laid his hand upon a sword but never offer'd to draw it, requesting the Cap^t^. not to fall into a passion, nor give him such language w^ch^. he could not bear, and that if he shou'd lett Pain go out he woud immediately gett drunk and be uncapable of serving either the Captain or him, w^ch^. at present is all I can call to mind. I Henry Coghran do upon the holy Evangelist solemnly declare, that yesterday about five a clock in the Evening Capt. Roach coming to Trepopilore a place where Capt. Courtneys Company were lodged who were order'd by the Governr. to esteem and obey Capt. Roach as their superior officer in which Company I the subscriber am a Serjant, Corporal Delan and myself did ask the said Capt. Roach leave to go to the ffort which he granted we might do this morning, and accordingly we came and to Visitt Capt. Courtney he being under Confinement he asked us how we did, I answer'd him we were all well, then Delan & I took our leave of him and went to Lewis Palmers where we stayed but a very little while, and going from thence

we met Ensign Brooks who carryed us with him to Sybrand Petersons from whence Cap^{t}. Courtney sent to call me, and when I came to him he told me that Sybrand Peterson advised him to write a petition to the Govern^{r}. and gett what hands they could to it, belonging to his Company, but that the said Cap^{t}. Courtney should seem to know nothing of the matter, and that the said petition should appear as a voluntary act of the Soldiers and accordingly the said Cap^{t}. Courtney did write a petition with his own hand and gave it to Ensign Brooks to have it copyed over who gave it to Delan to copy it at Petersons house, and when it was copyed the said Ensign Brooks burnt the Originall and gave Peterson the copy to gett sign'd, and the said Peterson & I went to Trepopilore together to gett what names we could to it, but the said Peterson carrying it in his breast, it was very [soiled;] so at Tripopilore it was wrote over again by [Rich]mond Chambers whereto we procured severall [signatures] and is the same petition I deliver'd the Gov^{r}. to the truth of all which I now make oath and in Confirmation of the same have hereunto [sett] my hand in ffort S^{t}. Letter from Metchlepatam read advising Musters of Chay goods to have been sent to Mr. ffaucet at Ingeroon.

A Generall letter from M^{r}. Noden at Metchlepatam was read, Acquainting us that he has sent the Muster of Chey Goods to M^{r}. Thomas Faucet at Ingeroon in order to make a tryal what can be done there, he also adds that the New Subah being arriv'd at Golcondah they have hopes that the troubles in those parts will be quieted.

Letter from Mr. Faucet at Ingeroon advising of thirty bales of Callicoes Laden on a Country boat.

A Letter from M^{r}. Thomas Faucet at Ingeroon to the Governour was produced and read Advising that he has ship't Thirty bales of Calicoes upon a Country Boat from that place bound hither of which the Invoice is gone to Vizagapatam to be forwarded [from] thence hither, These Thirty Bales are the Dasheroon Cloth which we permitted M^{r}. Hastings to agree for upon the encouragement he gave us that we shou'd have it time enough for the Averilla.

Courtney sent for & the severall depositions read to him.

&

Interrogatories put to him.

Lievtenant Hercules Courtney being brought before us and the severall Depositions of Mess^{rs}. Weld & Cottrell as also those Parts of the Generall letter relating to his crimes were read to him, after which he was ask'd what he had to offer in his own vindication, and whether he had any thing to object against the truth of the Evidence he freely confess'd himself guilty of all lay'd to his charge (except falling upon the Ensign before his Sword was out) adding that he wholly rely'd upon our mercy for forgiveness, and hop'd that his behaviour in time of Action, and particularly upon the last Attack upon the Enemy's Intrenchments at Crimumbaucum wou'd prevail with us to pardon and reinstate him.

——*FORT ST. GEORGE, JANUARY 1711-12*——

Then the Secretary read to him our Consultation dat[d]. the 27[th]. March 1710 wherein for his turbulent spirit, and ill behaviour he was broke, and render'd uncapable of serving the Company, for the future as also another Consultation dated 25[th] Aug[t]. 1710 wherein he was upon his humble Submission, and fair promises reinstated in his Employ upon his good behaviour, Afterwards the 14, 33 & 38 Articles of warr were read to him by the President follows.

Consultation of the 25th of Augt. read to Capt. Courtney Shew [yt. he] was then broke and [the reasons]. But [af]terwards upon his fair [promises] reinstated.

That he having served in her Majesty's forces must needs know the usual punishments for Assaulting the Officer of the Guard upon his Duty, and most especially in a Garrison besieg'd by an Enemy, nor cou'd he be unacquainted by stirring up his own men to Sedition, and mutiny in so particular a manner as drawing the petition for them himself is punishable with death [by] Martiall Law.

Presidt. according to all [Military] discipline] proves to him [seriousness] of the Crime [by] recourse to Law Martiall.

That we should have been glad to find any room for Mercy in consideration of the Services he had done against the Enemy, which if he had not putt it out of our power by such unpardonable crimes, shou'd not [have] faild of suitable recompence, but we are Oblig'd in re[ference] to Military discipline, and for the preservation of the civil Authority to make an example of so heinous Offender.

No room for Clemency.

The Prisoner having nothing to say further in [his] justification was ordered to withdraw, when the natu[re] of his crimes was debated, as also the clemency of [the] Board in formerly restoring him to his Comand, And is unanimously Agreed that considering the present condition of our Hon[ble]. Master's Affairs, we are under a necessity of using severity with these Offenders to deterr others of the Military from flying in the face of all civil Authority.

he is order'd to withdraw. & by an Absolute Necessity.

AGREED and RESOLV'D that Lievtenant Hercules Courtney's Comission be taken from him, that he be for ever uncapable of Serving the Company in any of their Settlements, and that he be detain'd prisoner, till we have an opportunity to dispose better of him, lest his ill principles should carry him over to the Enemy where he is capable of doing us infinite mischief.

Rendred uncapable of serving the Honble. Company. And confined least his [vile] principles shou'd carry him over to the Enemy.

AGREED that Ensign Brooks who appears upon sufficient evidence, and by his own Confession to have carry'd the petition (after transcribing it) to the Com[pany] and to have procured severall of their hands to it without] comunicating the true Contents be dismiss'd the service and detain'd in custody till further Order.

Ensign Brooks dismiss'd the service.

Serjeant Sybrand Peterson being a Dane by Birth, and very little skill'd in the English language appearing to us to have been impos'd upon and deluded by the Ensign in this Affair, and having an Extraordinary Character from the Deputy Govern[r] & Council of his bravery and good behaviour during the whole warr,

Receivd a Generall Letter from the Dep[ty]. Govern[r]. & Council of Fort S[t]. David dated the 23[d] inst[t].

The Council mett and read a Generall Letter from the Dep[ty]. Gov[r]. and Council of Fort S[t] David dated the 23[d] ult[o]. containing an Acco[t]. of a Generall attack made by the enemy upon our [boat] in severall places at the same time, at all which they were bravely repuls'd with considerable loss, as by the following acco[t]. abstracted from said Letter.

A Generall Letter to the Dep[ty]. Govern[r]. & Council of Fort S[t]. [David] read, approv'd, and sign'd.

As M[r]. Raworth was going the rounds yesterday with Le[ivetenant] Roach & Hugonin in Comp[a], from the first our mud poi[nt] that was cast up he discern'd within two miles distant from it, the whole body of the enemys horse and foot in Penar river passing to the s[o]ward, on which he order'd two shot to be discharg'd from the Culverin, and in a short time they disappear'd but when he came to Trepopilore from the new point there he descry'd a large body of them again marching very hastily into the woods, and then rec[d]. information that Chilla [Naigue] Guard where we kept a Sergeant and twenty men, had at five in the morning been attack'd by a thousand foot, who had compelld them to retreat within the walls, we had rais'd [there] for his Security, where he defended himself till Ensign H[obbs.] sent a Detachment of twenty four Granadeers, under the command of Serg[t]. Handlon, to his releif, who forthwith attackd them with such resolution, that he not only drove them out of the bounds with good slaughter, but compell'd them to run very confusedly up the hills again, about half an hour after six, they were observd to be reinforc'd by a large body of [foot] and about fifty horse, when they commenc'd their attack again whereupon Leiut[t]. Roach march'd down to their releif, with the most part of the Trepopilore party, when began a very [hot] Skirmish, and it continued from that time very obstinately till near three in the afternoon, before they could compleatly gett rid of the enemy, thô they flung near twenty Cohorn shells amongst them, and kept a continuall fire, with good Success and Execution.

Whilst we were thus attack'd on that part Mobut Cawne with the main body of horse appeared in two divisions to the N[o].ward of us, near two hundred of which were posted before Wichmere and the rest at Uppalawaddee were they continued diverting those two places, during the whole time their foot was engagd on

——*FORT ST. GEORGE, MARCH 1711-12*——

the other side, but no execution was done on neither, and the same time he likewise sent a small party of [horse and] three hundred foot to attack us at Trepopilore [where wee had] the fortune to repell them with good Execu[tion and by] the time they made their retreat from [thence wee] observd the motion, and did so from the other, so that by four a clock wee had a clear feild to range in.

Wee bless God wee lost all the while (thô the enemy fir'd very brisk) no more than one Soldier, and only four more, with as many peons were wounded, but none desperately but what the enemys loss was wee cant pretend to compute, nor doe beleive wee shall have a true acco^{t}., thô are sure it must be very considerable.

We were in hopes that they would have been contented with the reception they mett with yesterday, and not have given us any more trouble for some time, but on the contrary about four this evening they appeard just in the same manner again, but wee beleive have mett with more loss than yesterday, for rather than suffer our people to be constantly harrast, which must in the end wear them out, wee thought it better to attack them, and accordingly Cap^{t}. Roach form'd his party into three bodys, under the command of himself, Hobbs & Kirkbridge, and when their whole body was gott together attack'd them in three severall places, which so intimidated them that they soon fled with the utmost precipitation, and wee had the good fortune likewise from one of our Culverins, to heave five shott into the main body of horse which appeard to the N^{o}.ward, so that they soon troop'd off in the manner their foot did, and wee are at present pretty easy, but how long shall continue so, God knows.

The Sec^{ry}. acquaints the Board that he has perus'd the Consultations for severall years past, but finds nothing relating to the prisoners mentiond in our last Consultation, however upon enquiry into the matter wee find, that there are two Weavers inhabitants of Triblicane who are indebted part of the sum that stands out upon the Generall books, under the head of Comrapa &c^{a} Weavers, which debt was occasiond by money advanced the Weavers in generall by M^{r}. Higginson and his Council to build them houses in Triblicane for the improvement of the manufacture, part of which money has been paid at times, and these two persons now in custody, being [poor] and not able to discharge their part, were committed by Gov^{r}. Perceiving by the motions of the enemy that their intent was to skirmish with us daily in our Quarters next to the woods, hoping no doubt thereby to weary out our men, we resolv'd for our preservation and their ease, to fling up another mud point there, which accordingly we commenc'd last Sunday morning, and order'd Cap[t]. Since this action we have very near finishd our point, and in the face of them (for they dare not come down from the hills to oppose us) cut down and burnt every shrub and tree within half a mile of that Post, so that it's not possible for a single man to appear without being discern'd by us, and if a body of them comes, we can slaughter them at discretion from our Cannon, and not expose one of our men to their shotts, so that we dont doubt now they have made their last efforts against us without success, and we have since strengthend our bounds with a new Redoubt, but that 'twill be an easy matter for yo^{r}. WILLIAM WARRE.	RICHARD HUNT.

Genll Lres. from ye Depty Govr. & Council of Fort St. David datd the 5th & from ye Depnty Govr. dated ye 6th. instt. read advising. Mr. Hebert has obtained a power from Serope Sing to mediate a peace.

Generall Letter from the Dep^{ty}. Govern^{r}. & Council of Fort S^{t}. David dated the 5th. inst read, as also one from the Dep^{ty}. Govern^{r}. dated the 6th, advising that he had receivd a Letter from the Chevalier Hebert Govern^{r} of Pondichery, wherein he tells him he had procurd a power from Serope Sing to act as Mediator in a Treaty of Accomadation, if we on our part were satisfy'd therewith, and further proposes a Cessation of arms.

desires a full power may [be given] him from us for yt. [deed].

The President acquaints the Board that he has likewise rec^{d}. a Letter from the Govern^{r}. of Pondichery, with the copyes of Letters from Serope Sing, Laula Beerza, & the Buxee, to the said Governour, impowering him to sett a Treaty on foot with us, and leaving it wholly to him to make the peace, as he shall see convenient, in order to which, he desires a full power may be sent him from hence, and he does not doubt but to bring matters to a speedy Accomadation.

———*FORT ST. GEORGE, MARCH 1711-12*———

This affair being fully considerd and debated, it appears to us to be absolutely necessary that some third person be made use of in this affair, having done as much as possible, in the former Treaty to procure a peace, without anybody's else interposing, but all in vain.

appears to be absolutely necessary to make use of a person in ys affair

And further since Mons^{r}. Hebert has offerd his Service, & interpos'd to procure the first advances to be made by the enemy towards a peace, we cannot think it would be prudent in us to disoblige him by a refusall, because he always has it in his power, to ruine our affairs by giving assistance to the enemy, w^{ch}. point indeed ought to have been well weighd & considerd before we engagd ourselves in this Warr.

& will not be either prudent or safe to disoblige Mr. Hebert by a refusall.

AGREED, That we will accept of Mons^{r}. Hebert's offers of mediation. That it be left to the President to transact this affair with him, acquainting the Board from time to time with what progress is made therein. That M^{r}. Raworth be impowerd from this Board to proceed in the Treaty joyntly with M^{r}. Hebert, as being nearest at hand, and having all the originall papers in his Custody, relating to the former Treaty, and lastly, That a proper person be appointed such as M^{r}. Raworth shall best approve of, either from hence, or from Fort S^{t}. David, to reside at Pondichery as our Agent, to give us good information of what passes in the Treaty, and communicate our sentiments to M^{r}. Hebert, so that all misunderstandings may be avoided.

Agreed to accept his mediation & ye affair to be left to the Presidt to transact. that Mr. Raworth be empowerd to proceed in ye Treaty with Mr. Hebert.
&
yt. a proper person be appointed to reside at Pondichery to prevent any misunderstanding.

A Draught of a Letter to the Govern^{r}. & Council of Trincombarr was read and approv'd, being in answer to what they wrote us concerning M^{r}. Isaac Abendana's widdow, that pretends to have taken refuge at that place, and is Enterd in the book of Letters sent N^{o}. 33.

L̃re to the Governr & Council of Trincombarr read & approv'd.

A Generall Letter from the President & Council of Bengall dated y^{e}. 18th Jan^{ry}. ℔ ship President was read, acquainting us with the dispatch of ships S^{t}. George & Sherborne for Europe, wth. a very rich Cargoe, and that the AurengZeb will follow in few days fully laden, they likewise advise, that Cap^{t}. Francis Seaton is gone home upon the S^{t}. George pursuant to the Hon^{ble}. Comp^{as}. and our orders, they add, that they have some hopes of dispatching the Darby in time, to save their passage about the Cape, That they want a quantity of Redwood for the next years Dunnage, and that they have laden upon this ship President a Cargoe conformable to our directions as ℔ Inv^{o}. inclosed amounting to Six Thousand three hundred ninety eight Rup^{s}. 6^{a}.

L̃re from the Presidt & Council of Bengll. dated 18th Janry. read [advising] ye Dispatch of Ships St. George & Sherborne, yt the AurengZeb will speedily follow, & yt Capt. Seaton went home on the former. that they are in hopes to dispatch ye Darby that they are in want of redwood yt they have laden on ye Presidt, a Cargo amotg. to Rs. 6398 : 6a.

——FORT ST. GEORGE, MARCH 1711-12.——

Ship President ordered to be unladen, & detaind here as long as we safely can, in hopes of Advices from ye. West Coast.

AGREED that all the goods be taken from on board the Presid^{t}. except the Saltpetre, and that we doe detain the ship here as long as we can with safety in respect to the April Monsoon in hopes of some advices from the West Coast (that may reasonably be expected every day) and we may be the better able to give directions for the security of that Settlement, when we know what is become of the Jane, that is at present a missing ship.

Generall Letter from the Dep^{ty}. Govern^{r}. of Fort S^{t}. David singly, dated the 16th was read, advising the present condition of affairs.

Genll Lre from ye. Depty. Governr. of Fort St. David read.

M^{r}. Bernard Benyons instructions for his conduct during the Treaty at Pondichery were read, approv'd, and sign'd, and are as follows.

Mr. Benyons instructions read approvd and signd.

S^{r}. FORT S^{T}. GEORGE 22D. MARCH 1711/12.

1. You are very well acquainted with what has pass'd at this Board relating to the unhappy warr at Fort S^{t}. David since your arrivall as also with what was done in the last Treaty, when we endeavourd all in our power to have made a peace upon any

———*FORT ST. GEORGE, MARCH 1711-12*———

reasonable terms, but the demands of the enemy were so extravagant, and they fell so often from their words, when we thought we were near attaining our ends, that at last we were disappointed, and oblig'd to renew the warr in our own defence, you have likewise by your journey to Fort S^{t}. David had an opportunity to see the condition of the place, the circumstances our Masters affairs are in, the manner of carrying on the warr, and the misfortunes that attend it, and whereas the Chevalier Hebert Govern^{r}. of Pondichery has kindly offerd his service to mediate a peace, and in order thereto has obtaind a Cessation of arms, we have determind to send you to reside with him during the Treaty to inform him particularly of all that has pass'd on our side during the warr, and to give him all manner of assistance for expediting and concluding this affair.

2. The Treaty is to be carry'd on by M^{r}. Raworth, whom we have advis'd of your coming down, and therefore you must give him early notice of your arrivall, the Gentleman you have to deal with is precise and loves a great deal of respect, you know the world too well to let him want it upon this occasion.

3. In your discourse with M^{r}. Hebert, fail not to lay before him, that this is a case which affects all Europeans as well as ourselves, & if we are forc'd to part with a considerable sum of money, it will be a very bad precedent, and he who has his dependancys under the Chingee Government, may one day or other be a sharer in the bad consequences of it, this was the reason that induc'd us when Trincombarr was beseig'd to send them speedy and effectuall supplys of men and what else they wanted, and thô we have never met with the same generous assistance from our neighbour Europeans, we do not repent of what we did because we know it was right in point of prudence and policy, and whenever M^{r}. Hebert is in trouble we shall not scruple to assist him for the same reasons.

4. We should have been glad to end this affair without his assistance to any body's else, but the Enemy having determind to hearken to no other method, our sufferings and damages by the warr are so considerable, that we think we could not in prudence refuse Mr. Heberts offers, or any other hon^{ble}. method to procure a peace.

5. The Enemy will no doubt long before your arrivall have made their demands, asserting the injuries we have done them, and loading us with abundance of false accusations and calumnies, most of w^{ch}. you are very well able to answer, and disprove by undeniable testimony, we have given you all the useful papers from hence for that purpose, of which you have a List, and you must demand other Originalls from M^{r}. Raworth, as you find you have occasion for them.

6. We send Kittee Narran with you a very usefull person, well skilld in the customs of the Country, who has formerly been employ'd in such affairs as these with very good success, and we hope will prove as serviceable to you in this, we likewise send some small matters for presents as ℔ List inclosed, to be sprinkled amongst Serope Sings Officers, as you find occasion, for the furtherance of your buisness.

7. Narran is to insinuate himself into the acquaintance and conversation of the persons employ'd by Serope Sing, and to expatiate upon the inconveniencys & detriment that this warr has already occasiond to their Masters Country, and that they will daily increase if it continues, we are well assur'd that Serope Sing is impos'd upon by the Buxee, and others that he employs, who told him we were weak, and that they would engage to carry us all to Chingee, if he would let them continue the warr, Narran has a large feild to employ his Talent on this subject, and with the vehicle of a few small presents we do not doubt but his arguments will prevail.

8. We do not suppose this unhappy warr can ever be ended, without some mony given on our side, thô we have some reason to hope by the encouragement the Gentlemen of Fort S^{t}. David gave us in their Generall Letter, that we may come off cheaper, than what we once offer'd them during the last Treaty, which the enemies broke off upon their receiving a new reinforcement from Chingee, and since that

time they have made their utmost efforts by attacking our bounds on all sides, for severall days successively, but have always been repuls'd with considerable loss, which gives us reason to beleive that they are heartily weary of the warr, and will be more tractable than they were in the former Treaty.

9. The great prejudice this warr does to our Investment, the obstruction it is to Trade in Generall, the entire loss of our revenues, the scarcity and dearness of grain, the desertion of our Inhabitants, and the insupportable Expences we are at, to fortify and defend our great Extent of bounds, are the reasons that induce us to seek peace, to which we must add one more, the daily dread we are in, lest more of our soldiers should follow the ill Examples of those vile wretches that have already deserted to the Enemy, for what can be expected from a warr, wherein men of such base principles are of necessity to be trusted with our lives and fortunes.

10. We cannot pretend to limit you to any sum, not having yet rec^{d}. an acco^{t}. of the enemys demands, but you must be sure to insist upon free passage for our Tappy peons, by which means you will always have an answer to what you write us in three days.

11. Whatever sum we part with at last, we expect some Villages near our bounds, or priviledges, that will reimburse our Masters in few years, we know very well that thô they may be of no great value to them, we can when in our hands, by frugality and good management, make them turn to acco^{t}.

12. If you find a lucky opportunity to close the Treaty upon pretty good terms, and are of opinion that delaying to hear from us may be dangerous, upon communicating the matter to M^{r}. Raworth, and obtaining his consent, we permitt you to conclude.

13. M^{r}. Hebert has often in his Letters to the Govern^{r}. insisted upon a full power to decide this affair as it were by Arbitration, at the same time protesting that he would doe nothing without our consent, but we have not thought fit for many weighty reasons to put the matter so intirely into his power, one of which is, that we are not thoroughly satisfy'd of his being hearty to our interest, and another, that it looks very strange, a man should press for a full power, and at the same time pretend he never intends to use it, matters of this nature are left to be transacted between the Govern^{r}. & him, and herewith you have such a power as we can consent to give, signd by the Govern^{r}., which you must deliver to M^{r}. Hebert upon yo^{r}. Arrivall.

14. You are so fully informd in all points relating to this weighty affair by the frequent debates we have had upon the subject, and by yo^{r}. Conversation with M^{r}. Raworth at Fort S^{t}. David, that we need say no more, but leave the rest to yo^{r}. prudence, desiring you will frequently advise us of all occurrences, & take yo^{r}. measures joyntly with M^{r}. Raworth, on whose capacity and integrity we have great reliance, & God Almighty grant that you may bring this troublesome affair to a speedy and happy conclusion, which will be an acceptable peice of service to our Hon^{ble} Employers, & in a most particular manner to.

Genll. Lre from Ft. St. David datd ye. 20th instt. read, advising yt. ye. enemy notwithstanding ye. cessation of arms, have made severall inroads into our bounds.

Generall Letter from the Dep^ty. Govern^r. & Council of Fort S^t. David [d^d]: the 20th inst^t. read, acquainting us that notwithstanding the cessation of Arms agreed on, the Enemy had on the 18th made severall incursions in small partys into our bounds at different places, attempting to burn some houses, but were disappointed, that they had likewise fired upon our Guards, but at so great a distance, that no damage was done, this shows what faithless wretches we have to deal with, that we must be well upon our Guard both in warr and peace.

That 7 of our Soldiers deserted from ym. ye. 19th instt.

They advise us likewise that seven of our Soldiers, six Dutch, and one English deserted the 19th inst^t. in the night, and they suppose them to be gone to the Enemies Camp, a few more such accidents will p[lace] the enemy in a capacity to ruine our affairs.

This Lre was brot. us by ye. Fort St. David Merchts.

This Letter was brought us by three of the Fort S^t. David joynt stock Merchants, who are at last come up hither to dispose of their Broadcloth.

Paymrs. acct. for Febry. read.

The particulars of the Paymasters Accot. being inspected into, occasion'd the following remarks

——*FORT ST. GEORGE, MARCH 1712*——

Remarks on y^e^ Paymrs accts.

First in the Stewards acco^t^. of Expences, there is an article of Firewood laid in for the whole season, which amounts to Three hundred & fourteen Pagodas, eight fanams, likewise stores sent to Fort S^t^. David & Charges Extraordinary for prisoners to the amount of thirty one Pag^s^., which sums being deducted from the whole months Expence, reduces it to Five hundred twenty nine Pag^s^., twenty three fanams, and sixty cash, from which sum deducting for Liquors expended, which the Comp^a^. us'd to have of their own in store, and allowing for the difference in number of covenanted &c^a^ Servants, and for the Extraordinary dearness of grain at present, the Expence will appear to be full as reasonable as in the time of Gov^r^. Pitt.

The article of Fortifications and repairs appears to be very Extravagant since the New hospitall & New Guard house are charg'd in articles apart but upon examining every particular thoroughly, we find that many things are chargd into that sum which ought more properly to be carry'd to other acco^ts^., or else 'tis impossible either for us here, or our Masters Accomptants in England, ever to understand how or for what so much money is Expended, wherefore we have thought fit to come to the following resolutions, for reforming the method of keeping the Paymasters acco^ts^.

Resolutions come to thereupon y^t^ no buildings or repairs be begun without an order of Council.

That no buildings or repairs whatsoever be undertaken or begun, without an order of this Board.

y^t^ an accot. of every particular building or repair be kept apart.

That an Acco^t^. be kept apart of every particular building or repair that the whole charge may appear at once to the view both of this Board, and of whomsoever shall be appointed to inspect the acco^ts^. in England.

y^t^ ye Accompt^t^. do prepare a scheme for th Paym^r^.

That the Accomptant do forthwith prepare a scheme for the Paymaster, in what manner the foregoing order may be best comply'd with for his ease in the Generall Books.

& whereas the confus'd mixture of severall things, makes the article of Fortificat^ns^ & Repairs [look very exhorbitant.]

And whereas it appears that many things have been confusedly huddled together in this Article of Fortifications and Repairs, which makes the sum look very Exorbitant, thô the work has been absolutely necessary, and particularly that article of Gun carriages, severall of which have been repair'd and many new ones made.

The Accott is ordd. to separate ym. & carry ym. to proper heads.

Order'd that the Accomptant do endeavour to seperate that and other Articles, and carry them to such heads as shall be most proper to give a fair view of the reasonableness of the Expence.

The accot. delivers in his report relating to Mess^rs^. Kingsley & Stotherd

According to order of last Consultation the Accomptant delivers in his report, relating to the Suspension of Mess^rs^. Kingsley & Stotherd late of Council at Bencoolen, which is as Enterd after this Consultation.

Mr. Kingsley calld in, & that affair taken into consideration

Then M^r^. Thomas Kingsley was calld in, and the affair of his suspension being taken into consideration, it appears to us, by the best information we can get from him and others that were upon the [place] to have happend in the following manner.

the manner of his suspenan.

Kingsleys arrivall at Bencoolen from England upon the Mead [Frig]gat broke the measures which M^r^. Ettricke the late Dep^ty^. Govern^r^. [had] concerted for bringing M^r^. Henry Griffith Provis^n^. Accomptant [into] the Council, upon which disapointment both Ettricke & Griffith were heard to say [y^t^] such a train should be lay'd for him, that would infallibly do his buisness, accordingly the day before the Mead Friggats dispatch for Europe, the Dep^ty^. Govern^r^. sends to demand of Kingsley by

——*FORT ST. GEORGE, MARCH 1712*——

the Sec^{ry}. if the copys of his Paymasters acco^{ts}. were ready to be sent home in the packet, to which Kingsley answerd, that he had pass'd his Acco^{ts}. regularly in Consultation, and could very easily have had copys ready if he had known the order in time, however he would immediately set about it, and having been but five months in the Employ, he did not doubt but to get them done by the next day in the evening, and accordingly he immediately went upon them, this was on the Saturday, and Sunday morning ten a clock M^{r}. Ettricke sends for him, and demanded if he had got the copys of his Acco^{t}. ready, to which he reply'd that he had been hard at work ever since the message sent him, that he had gone a great way therein, and should be able to finish them by five a clock in the Evening, upon which M^{r}. Ettricke flew into a violent passion, using him very scurrillously, and immediately call'd a Consultation wherein Kingsley was suspended, without so much as giving him a hearing, under pretence of an order made in the time of M^{r}. Jeremiah Harrison, that whosoever did not get the copys of their acco^{ts}. ready should be suspended.

with wch ye Gentn. were not content but took away his diet mony also.

The Gentlemen were not content to rest here, but in the month of Aprill following, upon pretence of not hearing from Fort S^{t}. George which was impossible to be done in double that time (if thay had advis'd us of the matter, as they did not) they took away Kingsleys Diet money, thô they knew very well he had not wherewithall to subsist himself and family.

10 mos after his comencing Paym^{r} ye Accompt reports yt he has debted himself 1000 Dollrs. less then he recd.

After an intervall of ten months between the time of Kingsley's commencing Paymaster and the 13th of August 1711, the Accomptant reports that in ballancing the Generall books, he finds M^{r}. Thomas Kingsley in his Paymasters acco^{t}. Curr^{t}. for the month of October 1710, debts himself for no more than a thousand Dollars, whereas by the Consultations, by the Cash book, and by two receipts it appeard he rec^{d}. Two Thousand Dollars Vizt the 3^{d} & 26th of said month.

seems very strange to us ys matter should lie dorment so long a time, & looks if it was designedly neglected wth a malicious intent.

It seems very strange to us, that this matter which pass'd in October 1710, should have lain so long dormant as to August 1711, and the more because M^{r} Kingsley passes his paymasters acco^{t}. for the month of October, the 13th of Novemb^{r}. in Consultation as usuall, at which time undoubtedly the Cash book & Receipt book were look'd into, according to custom to check the Paymasters acc^{t}. Curr^{t}., so that it would have been impossible to have miss'd this error of a thousand Dollars, if it had not been designedly neglected with a malicious intent.

[For] had their books being [posted] monthly, it must have [been] found out long before.

Furthermore if the books were posted monthly, the Accomptant must have found out, long before it's coming to a ball^{e} that Kingsley was debted to Cash Two Thousand Dollars in the Cash book, and had only debted himself for One Thousand in his Acco^{t}. Curr^{t}. deliverd in.

Mr. Samll Stotherd call'd in & Examined, but ye D. Govr. having seiz'd upon all his books & papers can give us no insight into ys matter.

Next M^{r}. Samuell Stotherd was call'd in and Examind, but could give us very little insight into this affair, because upon his suspension the Dep^{ty}. Govern^{r}. had seiz'd upon all his books and papers, never suffering him to look into them, from that very time, by w^{ch} he is wholly unqualify'd to make his defence, or to clear the dispute of the Thousand Dollars.

Tis observable yt Mr. Griffith ye Accompt was often heard to say, yt for a gold headed cane he could easily set it to rights Mr. Stotherd affirms yt he was forc'd to pay Griffith 40 Dollrs for rectifying a mistake of 100.

We further take notice that Harry Griffith Accomptant was often heard to say, that if the persons concern'd would give him a gold headed cane he could easily set the matter of the Thousand Dollars to rights, and M^{r}. Stotherd affirms that he had been once oblig'd to pay the said Griffith forty Dollars for rectifying a mistake committed by him of a hundred.

——*FORT ST. GEORGE, MARCH 1712*——

Upon ye whole we agree wth ye Accomptt. that our Mastrs. have had no wrong done them in yt article of ye 1000 Dollrs.

Upon the whole Examination of this matter we find as express'd in our Accomptants report that our Hon^ble^ Masters have had no manner of injustice done them, in the charge of the Thousand Dollars, since Stotherd charges himself in August with a Thousand more than he receiv'd out of Cash, and Kingsley in October with a Thousand less, so that undoubtedly the error happend in the settling the Paymasters acco^ts^. between them two, when they Exchang'd the employ, and was occasiond by their not keeping up to our method here, that every person do ballance and clear the months acco^t^., before the successor takes the charge upon him.

however ye matter to be referrd to ye 1st D. Govr. that shall be sent to ye Wt. Coast, for a retrospection.

Wherefore we do agree that this matter be transmitted by the first Supervizor or Dep^ty^. Govern^r^. that shall be sent hence to the West Coast, for a retrospection, with our animadversions thereupon, that the party's aggreiv'd may have justice done them.

Mr. Stotherd again calld in [&] his ansr. demanded as to ye deficiency of Salt petre laid to his charge, to which he replys that he was Warehousekeepr. but about 6 mos. in which time 'twas impossible so great a quantity should be Expended & beleives ye mistake may be in casting up that those who suspended him were sensible it could not be in his time. That Saltpetre was nevr vendible at Bencoolen, nor could a bagg be carry'd off shore without ye Govrs. knowledge & that he often desird to be admitted in Consuln. to clear himself but was refusd.

Samuell Stotherd was again call'd in, and ask'd what he had to say in answer to the charge against him, for so much saltpetre wanting in the Warehouse, to which he reply'd as before, that all his papers having been taken from him, he was never suffer'd to have the use of them for his justification, that he had been in the Warehousekeep^rs^. Employ no longer than about six months, in which time 'twas impossible to embezzle so large a quantity, that he beleives the mistake must be in the casting up, for after he had given M^r^. Ettricke in the acco^t^. of the weight, which he took himself, he would never let him see it again, That those who suspended him, and charg'd him with this deficiency, knew very well it could not happen in his time. That saltpetre was never vendible anywhere upon the West Coast, nor was there a possibility of a bag's being shipp'd off without coming to the Govern^rs^ knowledge, much less such a quantity as they pretend to be wanting, That he desird often to be admitted in Consultation to clear himself of the charge, but was always refusd.

Upon ye whole we are inclin'd to beleive, yt his negligence has given his Enemys this opportunity to suspend him.

Upon the whole to the best of our judgement it is impossible that so large a quantity of saltpetre could be made away with, and we rather incline to beleive that the usuall negligence, which has ever been the bane to the West Coast affairs, has given the enemys of this Gentleman an opportunity to show their malice, by suspending and sending him hither, however.

Agreed yt ys affair also be referrd to a furthr Examinatn.

AGREED that this Affair also be referr'd to a thorough Examination by the persons who shall be next sent to settle affairs upon the West Coast.

——*FORT ST. GEORGE, MARCH 1712*——

We cannot but take notice here, that severall Captains who have carry'd over saltpetre upon freight to Bencoolen, have often delcar'd the intolerable negligence of the Comp[as]. Servants in taking it ashore, that when the bags have been wett, and very much damag'd upon the barr, they have often been thrown into the Warehouse among the rest, which must occasion considerable damage, and that they have taken whole Cargoes into their possession by contents, without ever so much as weighing them, which is an insufferrable practice, against which we shall provide in our next Generall Letter, as well as we can.

We can't but take notice yt sevll. Capts who have carryd Saltpetre thither, have often declard yt ye Compas. servts. are so negligent, as to put the wet petre among the good, wch must undoubtedly damage it.

The Warehousekeeper acquainting the Board that there are Three hundred bags of saltpetre in the Godown, which have lain undermost for severall years, and consequently must be considerably wasted, and damag'd by the sweating of those that have lain upon them.

The Warehousekeepr acqts. ye Board yt. there are 300 bags of petre in ye Godown, wch has lain there severall years.

ORDER'D that they be forthwith deliverd to the Storekeeper to be refin'd for powder.

Ordd. yt he deliver it to the Storekeepr. to make powder.

Upon debating the present condition of the West Coast as well as we can gather it from their imperfect Letters, and from the Examination of Cap[t]. Blow and others lately arriv'd from thence, we think it the interest of our Hon[ble]. Masters to come to the following Resolutions.

The present condition of ye Wt. Coast being debated, we came to ye following resolutions.

RESOLV'D that the ship President be sent away with all Expedition laden with rice and other stores that are most wanted, particularly Gunpowder of which article, thô they say nothing in their Generall Letters, we observe by their acco[t] of remains, if rightly taken, there is little or none left.

That ye President be immediatley sent away thither With Rice & stores particularly Gunpowder.

RESOLV'D that the Toddington remain here till the latter end of next month, by which time if the Jane does not arrive, we shall be oblig'd to send a proper person from hence, to save that Coast from destruction.

That ye Toddington remain here till ye latter end of next month, in hopes of ye Janes arrivall.

ORDER'D that the Accomptant, Warehousekeeper, & William Warre do peruse the acco[t]. of the West Coast remains, and make a proper sortment of goods and stores, to be supply'd by this years shipping, out of which they are to abstract a Cargo for the President of such articles as are most wanted.

The Accomptt Warehousekeepr. & Mr. Warre to make a sortment of goods proper for ye Wt. Coast.

The Accomptant produces the Acco[t]. Salary due to the R[t]. Hon[ble]. Comp[as]. Servants of this place for the last six months amounting to Fourteen hundred & Eighteen Pagodas, twenty two fanams, and five cash.

The Accot. Salary produced &

ORDER'D that the same be paid.

Order'd to be paid.

Generall Letter from the Dep^ty. Govern^r. of Fort S^t. The Ft. St. David Lre accompanys a modell of an Hospitall, wch they say they can compleat for a 1000 Pags. & it being a work so absolutely necessary, we can't refuse our consent to it.

The Generall Letter accompanys a Modell for an hospitall for thirty men, which they say they can compleat for about a Thousand Pagodas, and it is a work so absolutely necessary for the preservation of those poor men, who have been, and may hereafter be sick and wounded in the defence of our Masters Estates, that we cannot refuse our consent to so laudable an undertaking.

The Merchts. produce 2 ps. of Long cloth, lately brot. into Town, which is so scandalously made, yt they complain if such goods are sufferd to be brot. in, they shall not be able to make ye Weavrs. keep near up to muster.

The joynt stock Merchants produce to the Board two peices of ord^ry. Long cloth lately brought into Town by Armenian & Malabarr Merch^ts which is so very scandalously manufactur'd, thô contracted for at Twenty six Pagodas ℔Corge, that they complain that if such goods are suffer'd to be brought into Town, they shall never be able to make the Weavers keep up anything near to the Companys musters, and desire that such methods may be us'd as we think most proper to cure this evill.

The Ownrs of ye cloth were sent for & acquainted that we find ourselves obligd to prohibit any such goods from being brot. into Town for ye future.

The Merchants that provided this cloth was sent for, and told that notwithstanding the great scarcity and dearness of cloth at present, we find ourselves under a necessity, for the benefit of the Comp^as. Investment, to prohibit all such ill wrought cloth as this now before us from being brought into Town on any acco^t. or pretence whatsoever, and that publick notice thereof shall be given according to Custom, that none may pretend ignorance.

——*FORT ST. GEORGE, MARCH 1712*——

To the Hon^ble: Edward Harrison Esq^r.
&c^a Council.

Hon^ble. S^r. &c^a.

Pursuant to your order of Council dated the 24^th instant I have perus'd the severall acco^ts. rec^d. from York Fort in relation to the charge against Mess^rs. Kingsley & Stotherd, and now referr you to the following report.

The deficiency of one thousand Dollars charg'd them in their Paymasters Acco^ts appears to be the effect of willfull ignorance or malice in the Book keeper, for if he had taken the least pains imaginable he might have seen he had no reason to charge them as he does, and it will thus appear in their Consultation of the 15^th Aug^st. 1710 it is thus enterd; M^r. Anthony Ettricke Paymaster reads his Acco^ts. for the month of July, ballance remaining in his hands p^s. 8/8 174: 11—which he delivers up to M^r Samuell Stotherd now Paymaster.

Now M^r. Stotherd in his Paymasters Acc^t. commencing in Aug^st. debts himself to Cash rec^d. of Anthony Ettricke Esq^r. Doll^rs 2174: 11 whereas the Hon^ble. Comp^as. Cash book debts M^r. Stotherd only for Doll^rs 1000 rec^d. y^e. 17^th, so that it appears plain he has debted himself Doll^rs. 1000 more than he rec^d: in that month, had he truly enterd what he receivd the overplus should [have] been carry'd to the month of September and then the Paymasters acco^t. Cash would have quadrated with the Comp^as. Acco^t. Cash for that month, which charges them with Two Thousand receivd, when M^r. Kingsley enters no more than One Thousand.

As to the other charge against M^r. Kingsley for Rialls 30[9] 6.—Ry^lls fa. Ca.: I observe the ball^o of his Acco^t. in Jan^ry. to be . . 505: 1: 9

M^r. Daniell who succeeds him in the Employ debts himself rec^d of M^r Kingsley in part of the ballance of his Paymasters acco^t. for the month of Jan^ry. 185: 7: 9

Remains Doll^rs. ... 319: 14: 0

to which he thus answers that being Paymaster part of the month of Feb^ry. as appears by the Consultation of the 11^th d^o. when M^r. Daniell is made Paymaster, he did pay to M^r. William Dorrill then steward as by two receipts he produces under his hand, one for Ryales 8/8 213 and the other for Ry^lls. 8/8 100, both amo^t. to Ry^lls: 313—, upon the delivering up of his Employ to M^r. Daniell, he intreated him as customary to allow the same in Acco^t., but he would not, & in his months acco^t. only charges what he himself had expended upon acco^t. Charges Diet amo^ts to Ry^lls. 213—, whereas the Comp^as. ought to be charg'd with both sums, and it is to be observ'd by the Paymasters acco^ts. that the Comp^as. acc^t. Charges Diet, comes to about Ry^lls. 400 one month with another, and they charg'd in the month of Feb^ry only Ry^lls. 213—,so that in my opinion the Ry^lls. 313—M^r. Kingsley did pay M^r. Dorrill steward ought to be allow'd him, but then it will appear that months Expences allowing both Acco^ts. amo^ts. to Doll^rs. 526—which is upwards of 100 more than usuall, upon enquiry into this I note M^r. Daniell charges Diet mony paid to severall persons Doll^rs. 110—,concerning which M^r. Kingsley declares to remember, when his Dyet money, part of that charge, was sent him, he declin'd taking it unless it was for the month of March, he having before rec^d. for the month of Feb^ry of M^r. Dorrill, and which mistake might happen by M^r. [[Dorri]lls] being carry'd away by a Portugueze ship, and M^r. [Daniell] not knowing what he had pay'd.

The charge against M^r. Samuell Stother'd according to the Acco^t. remains he took appears to be true and I cannot see by the acco^t. sent, but that he is justly charg'd with a deficiency in the salt petre, but therein is a small error viz^t.—

——FORT ST. GEORGE, MARCH 1712——

Mr. John Hunter Warehousekeeper as ℔ his accot. recd. ⊖ 1643 : 2 : 22 at 500 lb. ℔ Ca. is ca. 368 : md. 3 : lb. 19 rema. ca. 202 : md. 19 : lb. 1 whereas they charge Ca. 205 : 3 : 21 diff: Ca. 2 : 4 : 20 ; I cannot give yor. Honr. &c.a a more perfect accot. of this affair, unless I had the Generall books to peruse the accot. of Saltpetre, when I might see how much ought to stand on the ballance, if they had follow'd their good orders made in relation to Accots., and which were before the Errors happend, these mistakes could not arose, the first of which is Enterd at length in their Consultation of the 18th Augst. 1710, where are full directions concerning the taking of remains in their severall Employs, and that the Accomptant do adjust the same with the books, and give them a certificate thereof.

The second is the 18th Decembr. 1710 Viz. Orderd that all monthly Accots. be transmitted to the Accomptants Office, and perus'd by the Accomptant before they are brought into Consultation, and if agree with the Generall books he is to certify the same.

I am very much of opinion by the barbarous treatment these Gentlemen mett with in the article of the Thousand Dollars, that the last has not been truly examind, for upon enquiry I find that salt petre is not vendible at Bencoolen, and it is morally impossible for Mr. Stotherd to have mov'd it out of the Warehouse without being discoverd.

It is observable in their Paymasters Accots. thence, they do not set down the true day of the month they receive money out of the Cash, and that when any person delivers up his Employ to another, the former transferrs his ballo to the latter, whereas it's better every persons cleard his Accots. apart, according to the method of Fort St. George I am

Fort Sr. George 28th March 1712.

Honble. Sr. &ca.
Yor. most humble Servt.
Tho: Frederick.

To the Honble. Daniel Bernard
Director on the Coast of Choromandell
for Affairs of the Rt. Honble. Netherlands
East India Compa. & Governr: of Negapatm. &ca. Council.

Honble. Sr. &ca.

It is now some months agoe since Governr. Harrison wrote to Governr. Bernard by way of Pullicat what news he had concerning the French ships then on the Malabarr Coast, but he has not to this day been favour'd with any answer.

Yor. Honr. & the Council cannot but know the long & expensive warr we have been engag'd in to defend our rights and priviledges against the forces of Chingee, in which it has pleas'd God Almighty so farr to bless our just cause with success, that the enemy have been often repuls'd in their attacks upon our bounds with considerable Loss.

We might have hop'd considering the strict and firm Alliance between our two Nations in Europe that you would rather have assisted us in so just a cause as this, wherein indeed all Europeans, are more or less concern'd, but to our great amazement we find that severall of our soldiers who have deserted us in time of our necessity have been detaind in Porto Novo, and refus'd to be deliverd up on pretence that they are subjects to the states of Holland, or servants to the Netherlands Company, if they could be prov'd to be ye Compas servants we should have little to say, but that we were utterly ignorant of their being, or of their ever having been in your service, but of the last seven who deserted us the 19th of March, we are very well assur'd six of them are not Hollanders, and therefore we hope you will do us so much justice as to return them to Fort St. David, from whence they deserted, as we have done, and shall always doe in such like cases, on the usuall terms, that have been practiced upon this Coast for many years.

——*FORT ST. GEORGE, MARCH 1712* ——

We insist the more on this matter because if all the Foreigners in our service should be encourag'd by the protection you give these Deserters, to follow their Example, in hopes they shall also be protected because they are not English, we may be reduc'd to great Extremitys by the enemy, and shall be oblig'd for our own justification to represent the hardship of our case to Europe, (thô with great unwillingness) because at a time that our lives & fortunes are mutually engag'd for the Liberty of Europe, we would gladly do all in our power to preserve a perfect good understanding in these parts, to show our love and zeal for the common cause.

You will please to excuse what may be amiss in the stile of this Letter, which we write in Dutch as well as we can, because you formerly desird it, as having nobody skilld in the English or French Languages; we hope you will not deny our reasonable request, and we have all the inclination in the world to continue.

Francisco da Sylva petitions against the Padre's of the Portugueze Church, for seizing and taking into their possession the effects of his deceasd sister, to whom he is heir, and forcibly detaining them from him.

Ordd to attend with his proof next Consulta.

Ordered that the said Francisco da Sylva do attend with his witnesses next Consultation.

Capt. Blow sent for, was ask'd ye reason of ye scarcity of rice on ye West Coast, who says he was inform'd yt it was by Messrs. Ettricke & Griffiths engrossing of salt.

Cap^t^. Blow Comm^r^. of the Toddington being sent for was examin'd concerning the present condition of affairs upon the West Coast, & particularly how rice and other provisions came to be so excessive dear, he acquaints us that he was inform'd Mess^rs^. Ant. Ettricke late Dep^ty^. Govern^r^ & Henry Griffith had ingross'd all the salt upon that Coast into their hands, and rais'd it to such an Extravagant price, that the Natives would not bring down grain as usuall to Exchange for it, but had found out means thrô necessity to make salt ponds amongst themselves.

he was also questiond abot a Pangran whom we hear is detaind prisoner att York Fort.

He was likewise interrogated concerning a Pangran that is detaind prisoner in York Fort, as we hear, thô no mention is made of it in the Generall Letters, but by what we find Enterd upon their Consultations, we suppose him to be Pangran Jangalloo, of whom Cap^t^. Blow gives the following acco^t^.

Capt. Blows acct. of ye seizg. of Pangran Jangalloo.

That he was intic'd into the Fort with his followers, and there seizd upon by M^r^. Ettrickes order, in the doing of which, resistance being made severall persons were slain; That he had been in custody a great many months, but he never heard any crime of moment laid to his charge, That the present Dep^ty^. Govern^r^ & Council had orderd him to get his boat ready ashore, to bring the said Pangran off, and transport him hither, That his boat tended a whole day for the aforesaid purpose, but afterwards they alterd their minds, resolving not to send him, & gave for a reason that they knew not what to accuse him of, or what charge to send hither against him,

——*FORT ST. GEORGE, APRIL 1712*——

Capt. Blow further declares to have heard them say, they had now kept him so long a prisoner, that they were afraid to discharge him, by what we can gather out of their Consultations, this Pangran Jangalloo governs a place call'd Doosan Jangalloo of considerable consequence near Sillabarr, which produces quantitys of pepper, grain, and serviceable Timber.

The Gentn complaining very much for want of Writing assistance at ye West Coast, & Capt. Blow being enquir'd of ye abilitys of those already there.

we find it to be absolutely necessary to send 3 or 4 good hands from hence.

Observing in the Generall Letters recd. from the West Coast great complaints for want of writing assistance, which they make use of to excuse themselves from sending their Generall books & other necessary books & papers, Capt. Blows opinion was desird concerning the abilitys of the Factors & Writers upon that service, that is to say, according to the Generall vogue, and his own observation, and a List being read to him which came by this last Packet, he [an]swerd to every person in particular, as he had heard them describd by the present Deptty. Governr & Council, by which accot. we find it will be absolutely necessary to send three or four good hands from hence, who are skilld in accots. if procureable, or else thrô mortality and the incapacity of severall now upon that service, in very little time more they will run behind hand with their accots., and fall into their old abominable method of plundering the Compas Estate which can never be detected, unless the books and accots. are duely kept up.

Genll Lre from Mr Benyon at Pontichery datd. 30th & 31st past read, advising yt he has hopes of making up matters abot. ye terms formerly agreed on.

A Generall Letter from Mr Bernd Benyon at Pondichery dated ye 30th past, and another of the 31st were now read, acquainting us that he has some hopes of bringing matters to an accomadation, at or about the terms agreed to in the former Treaty.

The foregoing Letters & papers brought on a debate concerning our present circumstances at Fort S^t^ David, and the Treaty now afoot. which brought on a debate concerning ye present circumstances

The news of King Shaalems death being daily confirmd, we find the neighbouring Countrys round about us under great apprehensions, all the Polligars having long waited this opportunity to set up for themselves, and assert their ancient rights and priviledges, and our Duan who is at present suba of these parts, being march'd away towards the Tanjore Country to raise mony, which is what he cheifly minds, and neglects the wellfare and security of the Government comitted to his charge, we have just reason to fear advantages will be taken of his absence by the petty Govern^rs^, to the prejudice of Trade and our Investments, and severall considerable persons inhabitants of Arcot, and other neighbouring places inland, have within these few days past, sent considerable sums of mony to be lodgd here for security against the expected troubles, wherefore it behoves us to put ourselves into as good a posture of defence as we can, for the security of our Masters Estates, our own Inhabitants, and all such as shall have recourse to our protection. K. Shaalems death being daily confirmd puts ye neighbouring countrys under great apprehensions & ye Duan being gone to Tanjore to raise mony, 'tis probable advantages may be taken of his absence & considerable sums of mony having been sent out of the Country hither for security. it behoves us to put ourselves in as good a posture of defence as possible.

——FORT ST. GEORGE, APRIL 1712——

We did hope to have had Lettrs. from Zulphaker Cawne, wch would have been usefull in ending the warr but now nothing will be minded till ye Succession is determind by wch the Rajahs will be left at liberty to do what mischeif they please.

We were in hopes in very little time to have recd. Letters from Zulphaker Cawne in our favour, which would have been of use towards determining the warr with Serope Sing, but since this alteration of the Government has happend, nothing will be minded but the affair of the succession till that is determin'd, so that all the petty Rajahs & Govern^{rs}. will be at liberty to do as much mischeif as they please, by ravaging and plundering all they can lay their hands on.

all our best men are at Ft St David, so that in case of an Enemys approach we shall be forc'd to draw from thence.

All our best men are employ'd in the Fort S^{t} David warr, and what we have here, are mostly old superannuated Europeans, boys, and Topasses, so that if any Enemy approaches these parts, we shall be under a necessity of drawing men from Fort S^{t} David which would infallibly put the enemy in possession of our bounds.

Ft St David stands us in between 4 & 5000 Pags. monthly & no revenues to be expected whilst ye warr continues.

Fort S^{t}. David now stands us in between Four & Five Thousand Pag^{s}. monthly, and no revenues coming in, nor can any be receiv'd as long as the warr continues.

We have been forc'd to supply them with grain from hence, which has almost occasiond a famine here.

No grain can come into our bounds by land because they are surrounded by the enemy, and we have now been forc'd to supply them wholly from hence ever since August last, which has very near occasiond a famine, and still keeps up the price so high that the poor are hardly able to subsist.

ye investmt, at Ft. St. David should have been compleated in Febry but is not yet ½ brot in, because of ye difficultys occasiond by the warr.

The Investment made at Fort S^{t} David in Septemb^{r} last, should have been compleated in Feb^{ry}, but is not to this day much more than half brought in, because of the difficultys and impediments daily occasiond by the warr, and all the Merchants under our protection declare, they shall be utterly ruind if the warr continues.

On the whole tis agreed yt we do write Mr Benyon to clap up a peace, if possible at or abot the terms offerd ym in ye former Treaty.

AGREED in consideration of the foregoing premises that we do write M^{r} Benyon to clap up a peace, if possible to be procur'd att or abo^{t} the sum offerd them in the former Treaty, M^{r} Raworth & his Council having given it under their hands that it can never be had cheaper which is also M^{r}. Benyons opinion, upon what he has observed since his Arrivall at Pontichery.

The Secry. to send copy of Francisco da Sylvas petition to ye Portugueze Padres & require their ansr.

ORDERD that the Secretary do send a copy of the Petition deliverd in last Consultation against the Padry's of the Portugueze Church and that they be required to give in their answer next Consultation.

Upon reviewing and comparing the prizes of the Chay goods demanded in this years list, we find that the Sacerguntee & Bengall Romalls may be made much about the same price, as they were formerly at Metchlepatam, wherefore the Joynt Stock Merchts were call'd in, and an agreement made with them for the whole quantity orderd at the following prizes.

Leiut[t]. Hercules Courtney delivers in a petition as Enterd after this Consultation, which was read, and desires the liberty of the English Town, which is granted him, upon condition that he returns into the inner Fort every night by nine a clock, and committs no irregularitys.

Leiut. Courtney petitions for an inlargment, wch is granted.

The present condition of the West Coast settlements being again taken into serious consideration and debated, we find upon perusing the Generall Letter by the Dartmouth, that we have not a sufficient power to establish a Dep[ty]. Govern[r] at Bencoolen, or to make a thorough reformation on that Coast, till we have certain advice that the Jane is miscarryd, we should however considering the present condition of affairs, have ventur'd to break thrô these orders, as a work of meer necessity, if the time of year for expecting advices out of Europe was not so nigh at hand, but since we may expect either by the Danes, the Dutch, or our own shipping to hear what is become of that ship some time in June. We have thought best to come to the following Resolutions.

The Wt. Coast affairs being consider'd, we find yt we have not a power to send a Depty Govr, thithr without certain news of ye Janes loss, of which ship we may hope to hear some news some time in June next, Wch induces us to resolve.

RESOLVD That the Toddington be laden with petre and stores most wanted, and dispatchd away for Bencoolen with all Expedition.

That ye Toddington be forthwith laden & dispatched thither.

That M[r]. Philip Baker fifth in Council of Fort S[t] David, a person very well skilld in acco[ts]. be immediately orderd up hither, to go upon the Toddington, in such station as shall be hereafter agreed.

That Mr Baker be sent for from Fort St David to go on her.

That Mess.[rs] Kingsley & Stotherd may return upon the Toddington to have a rehearing concerning what is laid to their charge, and if thereupon they shall appear to be innocent, as indeed they seem to be to the best of our judgement, thô their Accusers have kept us as much in the dark as possible, they may be again taken into the service, in such stations as shall be hereafter agreed.

That Messrs, Kingsley & Stotherd may also return on her, & if they can there clear themselves, to be taken again into the service.

Generall Letter from the Dep.[ty] Govern[r] & Council of Fort S[t]. David dated the 18[th] inst.[t] was read, acquainting us that the warr is like to be renew'd, and that the enemy had enterd our bounds, & drove away forty head of cattle, before our people could come to their releif, they further acquaint us that Thomas Roome a young lad of the Military being seiz'd with a frenzy, run out of our bounds into the Enemies camp, before anybody could stop him, and was made prisoner.

Generall Letter from Vizaga. datd. ye 17th ulto. read.

A Generall Letter from the Cheif and Council of Vizagapatam dated the 17^th ult^o was read, acquainting us that they have contracted with the Dasheroon Merch^ts for Forty Thousand Pagodas, in ordinary Longcloth, Salampores, stripd Betteelas, and Sailcloth, half to be ready by September, and the remainder by Christmass, and that M^r. Danll Evans delivers in his Narrative of ye surrendring of Manduta Paggar, by wch, & from other hands We have reason to fear that Paggar was shamefully neglected, & ye odium of yt affair cast on Evans, to excuse their own negligence

Daniel Evans delivers in a Narrative concerning the surrender of Manduta Paggarr to Rajah Sillemon, in which there are severall particulars very different from the acco^t. given us by the Dep^ty. Govern^r. & Council of York Fort, and we have too much reason to fear by what we learn from other hands, that this Paggarr had been in all respects shamefully neglected, thô M^r. Ettricke and his Council had just reason, from their differences with Rajah Macoota the father, to apprehend the worst that Rajah Sillemon his son could be able to do against the Manduta Paggarr, which was under his Government, and beleiving that the odium of this affair, was in great measure cast upon this Evans to excuse their own neglect.

——*FORT ST. GEORGE, MAY 1712*——

Paymasters, and Storekeepers books in the Office to have recourse to upon all occasions, for unravelling of old accounts, and severall other good uses, and it being well known that M^{r}. To the Hon^ble Edward Harrison Esq^r.
Presid^t. & Govern^r for the affairs of the
R^t. Hon^ble. United English East India Comp^a
&c^a Council of Fort S^t. George.
The humble petition of Thomas Kingsley
Sheweth.

That whereas yo^r. Petit^r. has been under the misfortune of suspension from the Hon^ble United English East India Comp^as Service at Bencoolen, ever since Feb^ry. last was a twelve month, and in two months after his Diet mony taken from him, did reduce him to so great extremity that he was obligd to part with most that he had to maintain himself and family, else they might have starvd, besides what mony he took up was at the interest of eighty four ℔ Cent, yo^r. Petit^r addrest himself to the Dep^ty. Govern^r &c^a by petition Aug^st y^e 3^d ult^o, to which they orderd me the Generall Table, but in ten days after retook it again, which sudden alteration surprizd me, yo^r. Petit^r. immediately waited on the Dep^ty. Govern^r to know his displeasure, he flew into a violent passion and told me that any person that would accuse another (mentioning M^r. Stotherd) of mony rec^d., which he actually disown'd, ought not to have the least pity shew'd him, I endeavourd to clear myself, but he would not permit me to speak, so I took my leave.

After the death of the late Dep^ty. Govern^r. yo^r. Petit^r laid his case before his successor &c^a. dated Decemb^r y^e 6^th, and read in Consultation the 10^th d^o, but mett with no releif, and as yo^r Petit^r. has been at vast Expence in fitting out to serve the Hon^ble. Company, to meet with so great a disaster so soon after his arrivall, 'tis very hard, do hope yo^r. Hon^r &c^a. will be pleasd to consider him.

Yo^r. Petit^r. has one request more to begg of yo^r Hon^r &c^a er'e he concludes, that you'l be pleas'd to favour him with what mony is due since his suspension, on acco^t. of Salary and Diet, having been obligd to take up mony in order for this place, and since his arrivall, else could not have subsisted, which if you please to grant, yo^r Petit^r. will be for ever bound to pray.

The President acquaints the Board that finding the Fort S^{t}. David Merch^{ts} have not to this time disposd of more than One hundred & eighty bales of Europe Broadcloth, and that their Investment in a manner stands still, notwithstanding all their fair promises, for want of ready mony, or credit to provide their goods, as also fearing our Europe ships will arrive with a large supply, before we can clear our hands of the last years Cargoe, which will certainly cause a considerable abatement in the price, not only to the utter ruine of these Fort S^{t} David Merch^{ts} but likewise to the great prejudice in the sale of this Commodity for the future, he has summond the said Merchants and endeavourd to perswade them for their own benefit, as well as y^{e} Comp^{a} to relinquish this ruinous bargain of the Broadcloth to our Merch^{ts}, who are much better vers'd in the way of selling it, and being men of good substance, can afford to trust for six months, & send it up into the Country.

The Presidt acqts ye Board yt finding ye Ft. St. David Merchts, cant dispose of ye Broadcloth, & yt. their Investmt. stands still & fearing ye arrivll of ye Europe Ships before we have cleard our hands of last years Cargo wch will cause ye price to fall considerably has endeavourd to perswade ym to relinquish yt bargain to ye Merchts.

——*FORT ST. GEORGE, MAY 1712*——

Agreed yt 's intirely ye Compas intst the Broadcloth should remain in our merchts. hands.

yt there is no possibility of dividing it between ym & the St David Merchts without great inconveniencys.

AGREED that it is intirely the Hon^ble^ Comp^as^ interest that the Broadcloth should remain in our Merchants hands, or else there is no possibility of keeping up the price, or disposing of anything near the quantity we have wrote for from England, the Fort S^t^. David Merchants being men in streight circumstances, and always in want of ready mony to carry on their Investment, will be forc'd to sell the cloth for loss rather than fail, as they have already begun to do, and since they are forc'd to come up hither to sell & because there is no vent at Fort S^t^ David for more than twenty or thirty bales in a year, they interfere with our Merchants so much, that there is no possibility of dividing it between them, without bringing great inconveniencys upon ourselves, in so much that the price by degrees will dwindle to prime cost as formerly.

The Presidt. to treat wth ye Ft. St. David Merchts. to quit & [Ours] to accept ys. bargain wt. more shall arrive for ys next 3 years.

AGREED that the President do treat with the Fort S^t^. David Merchants to relinquish the bargain of the Broadcloth, and with our Merchants to see upon what terms they will accept of this, and what shall arrive these next three years following.

Presidt. acqts. ye Board. yt ye Ft. St. David Merchts had promis'd him to relinquish ye Broad cloth, since when they have privately sold 100 bals. at or about prime cost, wch our Merchts. hearing declare they cannot meddle wth it.

The President acquaints the Board that he has discours'd the Fort S^{t} David Merchants about their relinquishing the Broadcloth, and that they firmly promisd him they would quit the bargain, provided what was already sold might be for their own Acco^{ts}., however the very same night after they made him this promise, they privately disposd of One hundred bales, at or about the price it cost them, which coming to be known our joynt stock Merchants declare they cannot meddle with the remainder as they had promis'd, because the persons that have bought these hundred bales will always be able to undersell them, in consideration of which, and that the Fort S^{t} David Merchants were not at liberty to dispose of any more cloth after their word given to the President as aforesaid, in presence of the Cheif Dubash and other witnesses.

Agreed yt ye sd 100 bas. cannot be deliverd to ye persons who bot it of ye Fort St. David Merchts.

AGREED that the said hundred bales of cloth cannot be deliverd to the persons whom the Fort S^{t} David Merchants sold it to, since they had no right to sell it, and the consequence of it would be very prejudiciall both to the price of what remains unsold, and what shall hereafter come from Europe.

TO THE HON^{BLE}. EDWARD HARRISON ESQ^{R}.
PRESID^{T}. & GOVERN^{R} OF FORT S^{T}. GEORGE &C^{A} COUNCIL.

HON^{BLE}. &C^{A}. S^{RS}.

With humble submission I crave leave to inform yo^{r} Hon^{r} &c^{a} Council that three days before I was suspended the Dep^{ty}. Govern^{r} of York Fort orderd me to copy over my Warehousekeep^{rs} and M^{r}. Douglass his storekeepers acco^{ts}. to be sent to England ℔' the Mead Friggat, I acquainted him that my Warehousekeep^{rs}. acco^{ts}. were ready, as for the storekeeper the two months that I officiated in that Employ (during the aforesaid M^{r}. William Douglass his absence) should have them ready against the limited time, but thought it very hard that he should require me to do other peoples buisness and my own, and not the least of writing assistance allow'd me, however for that and no other reason I was suspended from officiating in said Employs, and all books and papers of acco^{ts}. together with the keys of the Warehouse and storehouse seiz'd upon, and a list of them taken by M^{r}. Henry Griffith the Accomptant, M^{r}. Henry White in Company at the same time.

——*FORT ST. GEORGE, MAY 1712*——

With humble submission to yo^r. Hon^r. &c^a. Council, the present Gent^n. of Bencoolen in my opinion ought to have sent the list taken as before mentiond for yo^r. Hon^r. &c^a. Councils perusall.

Sometime after I was suspended the Dep^ty. Govern^r & Council sent for me into the Consultation room, where was present M^r. Henry Griffith they acquainted me there was a deficiency of Salt petre 205:—I told them that it was impossible there could be such a large quantity of Salt petre wanting, and I not know any thing of it, I humbly offer to yo^r. Hon^r. &c^a. Council that the want of Salt petre must arise from some mistake in Acco^ts., the which had not liberty granted me to Examine, which did request in Consultation but was deny'd it, the Dep^ty. Gov^r. saying in a great passion why do not you bring in the Comp^as money for the saltpetre, threatning to confine me, and was soon after confind to the Fort for three months, as likewise my goods and effects seizd on, for it's evident I could no ways imbezzle the same, there being no vent for it on the West Coast of Sumatra, and none ever issued out from the Godowns without the knowledge of the Dep^ty. Govern^r & Council, what was done from the time of my suspension and the taking of the keys from me, to the time of the taking the Acco^t. Remains, which was five days after I cannot tell.

Soon after M^r. Harrison & Cap^t. Phrip's leaving the West Coast, I deliverd out to some Malays in goods and mony to the amount of seven hundred Dollars to make a large kiln of Chinam, which was to contain One hundred Quoine according to agreement, a little while before the kiln was to be sett on fire, I was confind to the Fort, so that the Chinam was wholly neglected thrô the occasion of my being confin'd, so was a loser above half what was advanc'd.

During the time of my suspension there was an error found in the Storekeep^rs. acco^ts. of an overcharge, that was corrected by M^r. Henry Griffith the Accompt^t., the Dep^ty. Govern^r & Council of York Fort when they came to pay the Acco^t. Salary, stop'd ten pounds of my salary for the Accomptants correcting the aforementiond error.

The night after Pangran Jangalloo, & Dupatty Jangalloo his brother were taken prisoners I was walking in the Fort in Company with the Dep^ty. Govern^r, M^r. Henry Griffith, M^r. Thomas Lloyd, & Cap^t. Charles Atkins, M^r. John Hunter came and whisperd me in the ear, and said he wanted to speak with me, I told him yes with all my heart, so went with him to his house, as soon as I enterd the door and sat down he lock'd the door upon me, but said nothing to me about any buisness, he kept me there for the space of two hours, there was M^r. Henry White lying upon a Couch in the same room where I was, with a sword in his hand and a pair of pistols by him, whilst I was thus confind the aforementiond M^r. Hunter went out of the house, and lock'd the door after him, he soon returnd and told me I might go out of his house if I pleasd, but gave me no reason why I had been detaind, or rather imprisond there.

This is part of the hard usage I have mett with from the Gent^n. at York Fort (for I am unwilling to repeat all the hardships I have mett with there) which I think I have reason to complain of, after having serv'd my R^t. Hon^ble. Masters to the best of my ability (and I trust I may say faithfully and truly for seven years) & having given the Gentlemen at Bencoolen no just occasion to use me as they have done, it is now fourteen months that I have been suspended, in all which time I have neither receivd Salary nor Diet mony, and how hard it hath gone with me in all that time to maintain myself and family, having no great matter of my own, and being refus'd even common civility from the Gentlemen there, I leave yo^r. Hon^r. &c^a. Council to Judge. I remain with due respect.

M^{R}. BENYON *at Pontichery.*

The Jane Friggat that arrivd here on Saturday last the 24th instant having in her outward passage touch'd at Rio Janeiro in Brazile, where a French squadron under Mons^{r}. De Guaye arrivd soon after them to attack and plunder the place which they did effectually, & Cap^{t}. Austen Comm^{r}. of the Jane having thought fit to surrender the said ship and the Comp^{as}. Cargoe to the enemy, which M^{r}. Joseph Collet Dep^{ty} Govern^{r} of Bencoolen then Passenger on board the said ship, found means to ransom and bring hither, we have thought it necessary to require the said M^{r} Joseph Collet's answers to severall interrogatorys relating to this affair, accordingly he was call'd in and each question distinctly ask'd him by the President, as follow with his answers thereto,

The Jane arriving here ye. 24th inst & having been taken at Rio Janerio by ye French, and ransom'd by Mr. Collet and brot. hither. he was calld in and sevll. interrogatorys put to him.

Qu 1st. When Cap^{t}. Austen or any of his Officers first talkd of going to Brazile, & when did you first suspect it.

———*FORT ST. GEORGE, MAY 1712*———

Ans^{r}. I suspected it before we parted from the Darby which was bet^{n} 4° & 5° N^{o} Latt^{de} some such thing being whisperd in the ship, and I beleive it might come from M^{r}. Wingfeild the second mate, but the first certain knowledge I had of their intentions was on the 30th. of July in the Latt^{de}. of 18° S°., and by computation 12° W^{t}. Meridian distance from S^{t} Jago, when the Cap^{t} ask'd me to go into the Round house, where the Cheif mate Mr Burgess read a paper, which had been drawn up before, intimating the necessity of their putting into Brazile.

Qu : 2^{d}. What were the Capt^{s}. pretences for going to Brazile.

Ans^{r}. That his men were touchd with the scurvy, that he should want a supply of water and provisions, and that by cleaning his ships bottom she would sail so much the better as to regain the loss of time.

Qu. 3^{d}. Did you use any arguments to perswade them against going in.

Ans^{r}. I told them they were the best judges of the ships condition, and if they agreed it to be absolutely necessary, I should not oppose them.

Qu : 4th. Was any Consultation regularly call'd, or your advice ask'd concerning the ships going in.

Ans^{r}. No, nor did they think any of us worthy advising with, only the Cheif mate after having read his paper, ask'd me if I had anything to say against it, to which I returnd answer as before.

Qu : 5th. How came the Jane to part with the Darby, and if Cap^{t}. Wooton did not use his endeavours to keep her Company, and promisd Cap^{t} Austin to supply him with anything he could spare.

Ans^{r}. That there was all the reason in the world to suspect that the Jane left the Darby purposely in the night, which they had attempted to do severall times before, that Cap^{t}. Wooton had often shortend sail in order to keep with the Jane & that he really thinks he did hear Cap^{t} Wooton offer Cap^{t} Austen any assistance in his power.

Qu. 6th. Do you not think the ship might have done very well without going to Brazile, and especially if she had staid with the Darby.

Ans^{r}. Yes undoubtedly, and according to the winds we met after we put for Brazile tis highly probable we might have reachd the Cape, within very few days as soon as we did Rio Janeiro.

Qu. 7th. What sick men had you aboard, and how many dead when you went into Brazile.

Ans^{r}. I do not remember we had bury'd any of our ships Complement, and there were not above three sick at most, none of which in any danger.

Qu : 8th. What water and beer did the ship carry into Brazile to the best of your knowledge.

Ans^{r}. The Cap^{t}. himself told me the very day we went in, that he had nine tun of water & four of ship beer.

Qu. 9th. Why did you not protest against the ships going to Brazile.

Ans^{r}. I was not seaman enough to judge of the necessitys they pretended, especially as to the mens health, and the Doctor had sign'd a Certificate that it was absolutely necessary, I was fearfull least if any ill accident shou'd happen, it might be laid to my door, and indeed I was not acquainted with the usuall methods of protesting, nor did I know it to be a duty incumbent on me, besides I did beleive there was a scarcity of water in the ship when we bore away because on the 27th of June, the Cap^{t}. had reduc'd the men to a quart of water a man a day.

Qu. 10th. What day did you arrive at Rio Janeiro, and what day did the news arrive from England, that a French squadron might be daily expected.

Ans^{r}. We arrivd y^{e}. 18th. Augst. and on the 23^{d}. we rec^{d}. news of a French squadron commanded by Mons^{r}. De Guaye, that might be daily expected.

——*FORT ST. GEORGE, MAY 1712*——

Qus. 11th. Why did not the Capt. get away immediately to sea upon this advice.

Ansr. The English Consul did indeed press him very much to be gone, and so did I, accordingly he promis'd to sail next day, and in order thereto I sent all my necessarys aboard, but when the time came he alterd his mind, pretending that his casks were ashore, and he could not get them off, but I really beleive the greatest occasion was, he had not dispos'd of those things which brought him so farr out of his way.

Qu: 12th What day did the French arrive.

Ansr. the 1st of Septembr.

Qu: 13th Why did you not immediately land the Treasure and endeavour to save it by carrying up into the Country, or by burying it under ground.

Ansr. I did propose the landing of it to the Capt offering to accompany it, but he utterly refus'd it, alledging that he could no ways answer it by his Charterparty agreement, because of any accident happend by imbezzlement or otherwise, he was liable to make it good.

Qu: 14th Did the Capt. save his own money or any part of it.

Ansr. Yes he sav'd an intire chest, which the Consul securd for him in the Country, and gave him bills to England for it's amount.

Qu: 15 In what manner did you ransom the ship, how much mony did you pay, and on whom did you draw your bills.

Ansr. To the foregoing question Mr. Collet produces the following copy of a Letter wrote the Honble. Court of Directors from Rio Janeiro, wherein his proceedings in this affair are set down at large.

Honble Srs

I hopd before this time to have advis'd yor. Honrs. of our safe arrivall at the Cape of Good hope, but am now oblig'd to give a more unacceptable accot. of our affairs, on the 30th of July we were in 18° of So Lattde and by computation 12° Meridian distance Wt of St Jago, when Capt Austin and his Cheif mate told me, they found it necessary on accot of the length of the Voyage, and for the refreshment of their men to put into this Port, I replyd they were best judges of the ships Circumstances, and that if they found it necessary either for a supply of provisions, or refreshment of their men I should not oppose it, on the 18th of Augst. we arriv'd at this Port, on the 4th or 5th day after we were all alarm'd with a report, that a French squadron was on the Coast design'd for this place, Capt. Austin propos'd to sail the next day, and I sent my baggage on board that I might be ready at an hours warning, the next day the Capt. told me he would stay to get in some wood, water, and other provisions, and at length determind to sail the 2d or 3d of Septembr but was prevented by Monsr. De Guaye who with fifteen sail of men of warr and friggats, and two bomb vessells enter'd this Harbour on the 1st of Septembr, here were four Portugueze men of warr, three of which burnt themselves, the fourth run on shore and bilg'd, in three days the French were intire Masters of the Town, and all the Forts which had been deserted by the Portugueze the night afore, the enemy enterd the harbour with so strong a gale, and advanc'd so fast, that I was obligd to pass thrô their fire to get on board the Jane, which was by this time under sail up the harbour, in hopes to get out of the way of the French guns, when I came on board after a little discourse with Capt Austin I found him determind not to land the Treasure, nor to

———*FORT ST. GEORGE, MAY 1712*———

destroy the ship, but to surrender on the first summons, it being impossible to defend her, however he thought fit to send a chest of Treasure of his own up into the Country, as for myself & M^r^ Yarborough we were unwilling to fall into the enemys hands, till the Fate of the Town was decided, having some hopes that in case the enemy were oblig'd to return without being Masters of the Town, that we might procure some passage to the Cape of Good Hope, and so proceed to India, which we thought of importance for yo^r^ Hon^rs^ service, we therefore quitted the ship & retir'd into the Country, expecting the event, when I heard that the French were in full possession of the Town and all the Forts, I apprehended a greater probability of proceeding by their assistance, than by remaining among the Portugueze, M^r^. Yarborough agreeing with me, we took boat and came down the river designing to surrender our selves to the French Generall, in our passage down, we saw the Jane riding with her English colours still flying, we went on board and found they had not yet been summond but that Cap^t^. Austin had determind to send his Mate to surrender the ship to Mons^r^ De Guaye, in hopes as he said of ransoming her upon easy terms, we staid on board two nights, and then went in the boat which brought us out of the Country, and surrenderd ourselves to Mons^r^ De Guaye, the Cheif mate follow'd immediately in the ships boat and surrenderd the ship also, some days after I propos'd to the French to buy a small Briggantine, or other small vessell, in order to proceed on my Voyage, they told me there was none in the harbour in which I could safely undertake such a Voyage, but that they would sell me the Jane, I positively refus'd to treat about her, because I would not interfere with the Cap^t^. but went to view severall vessells in the Port, which I found answerd the character, I then concluding my return to Europe unavoidable, till about a fortnight after when I receivd a Letter from Cap^t^. Austin, acquainting me that the French would not sell the Jane without her loading, and if I would I might buy both, I went immediately to him, and ask'd if he would treat for both, he reply'd he would not, I then first enter'd on a Treaty for her, the French had taken the Treasure out excepting one chest of your Hon^rs^. and a small chest of M^r^. Finks, which Cap^t^. Austin informd me had been stolen by some of the ships crew, and carry'd in the pinnace, besides which they Excepted some Corrall that was on board, and for the ship and remaining part of the Loading we at length agreed for Three Thousand Five hundred pounds, which I esteem the full value in England, reckoning the goods included in yo^r^ Hon^rs^. bill of Loading at Fifteen hundred pounds, the ship at the same, and my own goods with other peoples aboard at Five hundred, the reasons that induc'd me to give so large a price, after I found they would not sell it at a lower rate, were because I knew the Comp^as^ goods consisting cheifly of Navall & Garrison stores were probably of great importance to the place design'd, and that therefore it was worth while to give the prime cost in England here, especially being by a seven months pass secur'd from any further apprehens^ns^ of an enemy, besides that I hope the speedy arrivall of my self and M^r^. Yarborough at Bencoolen will be very much for yo^r^. Hon^rs^. interest there, as also that I propose to make of the ship, and the seperate [pass] of the Cargo on my arrivall in India as much as will be sufficient to make good in the Comp^as^. Cash at Bencoolen, the overplus of the purchase above the prime cost of the goods consign'd by yo^r^. Hon^rs^. to Madrass & Bencoolen, urg'd by these considerations I have taken the liberty to draw on yo^r^. Hon^rs^. the sum of Three Thousand Five hundred pounds, payable to Mons^r^. De Guaye Trovin or order in S^t^ Malo's, three months after the arrivall of the squadron comanded by him in France, at the then Curr^t^. Exchange, with w^ch^. I humbly request yo^r^. Hon^rs^. complyance, having sent my son & my servant M^r^ Edm^d^. Bunting as hostages for performance, and that there be no hazard of loss by conferring this obligation, I request that Two Thousand pound may be insurd from hence to Madrass and Bencoolen, and the charge plac'd to my acc^t^, which will be done on easy terms considering our seven months pass, and the season of the year for passing the Cape, I wrote to yo^r^. Hon^rs^ in Comp^a^ with M^r^. Yarborough by the Florida on the 18^th^ of May being off of Porto San[cto] when we advis'd the death of M^r^. Lee Garrett, which happen'd a week after our departure from Torbay, I cannot send a copy, having destroy'd it with all papers of importance, particularly yo^r^. Hon^rs^. packet, before our surrender to the French.

———*FORT ST. GEORGE, MAY 1712*———

As I have in the whole of this affair acted with the utmost sincerity, what I thought most conducive to yo^{r}. Hon^{rs}. interest so I hope it will be accepted at the hands of

RIO DE JANEIRO OCT^{R}. 15TH. 1711. O S

Yo^{r}. Hon^{rs} most humble Serv^{ts}.

JOSEPH COLLET.

M^{r}. Richard Yarborough was call'd in and interrogated in the very same manner with M^{r}. Joseph Collet, and his answers to every question were in effect the same, except that part relating to the ransoming the ship, in which he was no way concern'd but affirms that M^{r}. Collet did not offer at buying the ship, till Cap^{t}. Austin had relinquish'd all pretensions under his hand.

Mr. Yarbro. call'd in, & ye same questions put to him as Mr. Collet, to wch he answers in the like manner.

M^{r}. Collet produces a Letter from Cap^{t}. Austin acquainting him that he had no intentions to meddle with the ship on his own or the Own^{rs}. acco^{t}., and desires that the said Letter may be registerd here, which is agreed to.

Mr. Collet produces a Lettr. from Capt. Austin, acq^{t}g. him y^{t} he had no design to meddle wth ye ship, & desires it may be regist'd.

Cap^{t}. Thomas Wotton call'd in, and the following questions put to him.

Capt. Wootton calld in & sevll. questns put to him relating to ye Jane.

Qu. 1 When you was in Company with the Jane, did you ever hear any body on board that ship talk of going to Brazile.

Ans^{r}. No not directly, but Cap^{t}. Austin always proposd standing to the Westward, thô the wind was so, that a more advantagious stretch might be made to the Eastward, wherefore I did suspect he had some such design.

Qu. 2^{d}. What Latitude did the Jane leave you in, and in what manner.

Ans^{r}. They left us in or about the Latitude of 5°. 51′. N° it was in the night, & very little wind S°.erly, I stood to the E^{t}.ward, and saw the Jane at midnight, but when day came, she was out of sight, which could not have happen'd any other way, than by her standing to the W^{t}.ward.

Qu. 3^{d}. Did not you and your Officers conclude to the best of your judgments that they left you purposely.

Ans^{r}. We all concluded they might have kept us Company if they pleas'd, because we went with an easy sail, and there was so little wind that if the Jane had not stood one way, and we another, 'twas impossible she could have been out of sight by morning.

Qu. 4th. Did not you unrigg yo^{r}. Top gallant yards in order to keep her Comp^{a}, and did not you promise them water, and all manner of assistance.

Ans^{r}. I did.

Qu. 5th. How did you meet with the winds after they parted with you, and how long was you in getting to the Cape.

Ans^{r}. I found the winds to the Westward of the S°., and stood to the S° E^{t}. ward we arrivd at the Cape the 6th of August.

——— *FORT ST. GEORGE, MAY 1712*———

On ye whole it appears plainly to us yt Capt. Austen had all along a design to touch at Brazile, & yt they left the Darby purposely.

It appears to us very plainly by the testimony of the aforemention'd Gentlemen, that Capt. Austin & his Mates had all along a design to touch at Brazile, and finding that if they kept Company with the Darby who very rightly stretch'd to the Et.-Ward, he would lead them out of their intended way, they stole away from him in the night by standing to the Westward, and afterwards were at liberty to pursue their project, and 'tis observable that by standing to the Westward they met a months calms, and contrary winds, which the Darby escapd by standing the other way.

which deviatn. is very much aggravated by his staying so long there, after he had news [of] ye French.

This deviation to Brazile appears to us very unnecessary and inexcusable, and is much aggravated by their staying in that Port, from the 23d. Augst. that the news of the French squadron came from England, to the 1st of Septembr when the said squadron arrivd.

we find by Mr. Collets Lre, to ye Court of Directors yt he has drawn on ym. for his ransom & we not knowing ye value of wt. laden by ye Compa, on ye Jane, ye Lres & Invos being sunk.

Upon perusall of Mr. Joseph Collet's Letter to the Honble. the Court of Directors, we find that he has drawn his bills of Exchange upon them for his ransom, that the ship is valued in the French bill of sale at Fifteen hundred pound Sterl., the Compas. goods on board, which he affirms to have bought for their acct. Fifteen hundred pound Sterl. and the private goods belonging to himself and other persons Five hundred pound Sterl., amounting altogether to Three Thousand Five hundred, pound Sterl., but all the Invoices & Letters being thrown overboard and sunk, and no copys of them here, we know not the value of what was laden by the Compa on board this ship.

Messrs. Horden & Connell ordd. on board to take an acct. of every thing yt goes out of her.

ORDER'D that Mr. Richard Horden & Mr. Richard Conell do immediately go on board the Jane, and remain there till she is unladen, taking an acct. of every thing that goes out of the ship, with the marks and numbers.

which ye Warehouse-keepr is ordd. to receive & keep in a Godown apart, to be view'd by a Committee of this Board.

ORDERD that the Warehousekeepr. do receive every thing which comes from aboard the Jane into his Custody, keeping them in a Godown by themselves, till such time as the ship is wholly unladen, & they have been view'd by a Committee appointed from this Board.

The Presidt. acqts. Mr. Collet yt we expect security for making good ye sum drawn on ye. Court of Directors.

The President acquaints Mr. Joseph Collet that we expect a sufficient security for making good the sum drawn on the Honble. Council of Directors, which he very readily consents to, and the matter is referrd to further consideration.

Danll. Evans petitns. for leave to go upon ye Toddington, but ye Capt. declares he can carry no more passengrs.

Daniel Evans delivers in a petition requesting to go upon the Toddington, but there are already so many Passengers, that the Capt. declares he can carry no more.

Capt. Blow registrs. 20 bags of Coffee & 16 tubs 3 chts. & 5 Dupprs. of Borax.

Capt. Thomas Blow Commr. of the Toddington requests to register twenty baggs of Coffee, & sixteen tubbs, three chests, & five Duppr. of Borax, which is Agreed to.

The Ownrs. of ye Metchlebander who has lost her passage to Persia request leave to land their goods.

The Ship Metchlebander having lost her passage to Persia, and put back to this Road, the Owners humbly request leave to land their bale goods, till such time as they can proceed on their Voyage, to secure them against the risque of the sea and the enemy.

The Sea Customr. ordd. to keep a ℔ticlr. acct of ym. & secure ym. under the Compas. Key.

ORDERD that the Sea Customr. do keep a particular accot. of what landed, and that the said goods be secur'd in a proper Warehouse under the Companys key.

——*FORT ST. GEORGE, JUNE 1712*——

Mr, Theobald appears & being ask'd whereon he grounds his demands, he Ansrs. that he is inform'd it has been customary for people to have their goods again upon paying Salvage.

Mr. Thomas Theobald appears according to order of last Consultation and was ask'd by the President upon what Law he grounds his Petition for having the chest of Corrall deliverd to him upon paying a proportion of salvage, to which he answerd that he has heard it has been customary in cases of ransom, for people to have their goods again upon paying a proportion of the salvage.

The matter debated.

Our opinion is yt. no person can have a property remaing either in ye ship or Cargo.

Upon debating this matter thô we are unacquainted how the sea Laws would determine in such a case, as this, yet it appears to us that the Capt. of the Jane more than once refus'd to ransom her for the Proprietors, upon which Mr. Joseph Collet fairly purchasd the ship, and what effects she had on board of the enemy, after she had been above a month in their possession and was fairly condemnd by the Officers of the squadron, among whom we find one of the Kings Superintendants of the Marines, so that we think this is to be call'd rather a Purchase than a ransom, besides it further appears very plain to us, that Mr. Collets only view in purchasing the ship was to transport himself, and the rest of the Passengers intended for the West Coast service hither without further loss of time, as beleiving it for the benefit of the Companys affairs, accordingly he would only have bought the ship without the goods, but that the enemy wou'd not agree to it, and oblig'd him to take one with the other, at such a price that by what we can hitherto see he will rather lose then gain, and Mr. Collet having drawn bills of Exchange upon the Court of Directors for the intire sum he paid the French for this ship and Cargo, we think our selves oblig'd to secure the whole in the Compas. Cash till we know their pleasure, and cannot be of opinion that any other person can have a property remaining either in the ship or Cargoe, accordingly Mr. Theobald was made acquainted with the result of this Debate.

A soldier discharg'd.

AGREED that William Lane soldier be discharg'd from any further Service in this Garrison.

THE HUMBLE MEMORIALL OF JOSEPH COLLET DEPTY. GOVERNR OF BENCOOLEN.

SHEWETH

That whereas some days before my departure from London, in order to proceed on my Voyage hither, I paid into the Treasury of the Honble. East India Company at London, the sum of Three hundred pounds Sterlg., & nine pounds three Shillings & one penny for freight, for which sums I was to receive One Thousand & forty four ounces of silver, out of the Honble. Compas. Treasure here at Madrass.

And whereas one or two days before my said Departure, I waited on Mr Woolley their Honrs. Secry. at London, to get an order for the receipt of the said Treasure here, he told me I needed no such order, for that Instructions were given in the Generall Letter here to deliver me the said silver out of their Treasure on board the Dartmouth, to which I reply'd that I was well pleas'd to have my adventure divided, not having made any insurance on board the Jane, where my adventure already was considerable.

But now on my arrivall here I am very much surprizd to hear from yor. Honr &ca. that the said silver shou'd be orderd to be paid to me here out of the Treasure of the Jane, & that both because it contradicts the accot. given me by Mr. Woolley as above, as also that the whole Treasure of the Jane was consignd to my self &ca. Council of York Fort.

I humbly submit the consideration of this matter to yor. Honr. &ca. not doubting your justice, either releiving me your selves, if you think it in your power, or else representing this matter n its due light to our Honble. Masters, I am

Bernard Benyon he has gone thrô every article of the Rupee & Silver acco^{ts}., comparing them carefully at the same time with the Warehouse and Mint acco^{ts}. and it appears very plainly the quantity of Rupees and Silver mentiond in Consultation dated the 4th inst^{t}. is wanting to a trifle, and that a particular report of this affair will be ready to lay before the Board next Consultation.

——*FORT ST. GEORGE, JULY 1712*——

A Letter from the Dep^{ty}. Govern^{r}. of Fort S^{t}. David dated the 12th inst^{t}. read, wherein he desires permission to come up hither, and settle his Acco^{t}. depending with the Company and other people.

Lr̃e from Mr. Raworth desiring leave to come up hither.

AGREED that the consideration of the said Letter be deferr'd till next Consultation, when the report is made concerning the Rupees and silver wanting.

the consideration of it deferrd till ye report is made concerning the Silvr. & rupees wanting.

The President informs the Board that he has receivd severall messages from the Duan, and a Letter from his Sec^{ry}, desiring him to stop the Pegue Embassad^{rs}. from proceeding by sea to Bengall, upon which he has severall times discours'd with the said Embassad^{rs}., and us'd all manner of arguments to perswade them to a compliance with the Duan, but they alledge in answer, That they have wrote their King their intentions to proceed by way of Bengall, and have desir'd him to send Elephants to meet them there, in order to be carry'd as part of their present; That they can travel much more commodiously by way of Patna, with more safety and expedition and a tenth part of the charge, wherefore they are positively determind to go that way, unless we detain them by force, which they hope we will not do, in regard that they came here as to a free Port, depending upon the ancient freindship and good correspondence, that has always been kept up between us, and the King their Master.

The Presidt. informs ye Board that he has recd. severall messages from the Duan to desire him to stop ye Pegue Embassadrs. from going by sea to Bengall.

Then it was debated what measures were fittest to be taken upon this occasion, and how farr we might venture to go, in order to oblige the Duan, the result of which was as follows.

which matter being debated.

That all perswasive means be us'd, but that we cannot answer forcibly detaining any Kings Embassad^{rs}., being contrary to the Laws of this, and all other Nations in the world, and in this particular case might give the King of Pegue a reasonable pretence to seize the shipping and effects belonging to the inhabitants of this place, which are very considerable in his Dominions, and would be entirely lost.

Agreed y^{t} all perswasive means be us'd, but y^{t} we cannot answer the forcibly detaining any Princes Embassadrs.

That a Letter be wrote to the Duan, acquainting him that we have us'd our utmost endeavours to prevail with the said Embassadors by fair means, and our reasons at large why we cannot answer detaining them by force.

that a Lr̃e be wrote to the Duan wth our reasons at large.

Mr. Robert Presgrave being a person well qualify'd, is entertain'd Ensign of this Garrison, in the place of John Burnell turn'd out of the service for his ill behaviour.

Storekeepr. to sell the Janes Lead at Outcry.

ORDERD that the Storekeep^r do sell the Lead that came by the Jane at publick Outcry.

Accompt, Warehousekeepr. & Mr. Benyon deliver in their report concerns. ye Rups & silver wanting.

The Accomptant, Warehousekeeper & M^r. Benyon deliver in the following report concerning Rupees & silver wanting in the Warehouse.

Hon'ble Sr. &c^a.

Pursuant to an order of Consultation of the 4^th. inst^t. we have in presence of the Govern^r. thoroughly examind the acco^t. of Rupees and Silver wanting, as deliverd in by the Accompt^t carefully comparing every individuall article with the Warehousekeep^rs. & Mintmast^rs. monthly acco^ts. and find the whole matter to stand as follows.

First. we observe that the Accomptant begins his enquiry from the ballance of the books ending April 1708, because at that time there was a very small ballance of Rupees remaining in the Warehouse Vizt. One Thousand Seven hundred & Forty one$\frac{13}{16}$.

From the opening of the new books May y^e 1^st 1708 to the last of Dec^r. following Mess^rs. Martin & Raworth were joynt Warehousekeep^rs., thô M^r. Raworth only acted, and then he came to be sole Warehousekeep^r. and had a ballance of Rupees remaining in the Warehouse Six Thousand & Sixty Five$\frac{1}{16}$.

M^r. Raworth continued sole Warehousekeep^r. to the 1^st. of Octob^r 1709, and then M^r. Martin rec^d. the Warehouse from him with only Rup^s. Ten thousand Seven Hundred & Eighty two & $\frac{1}{4}$ as appears by a list of goods and silver remaining in the said Warehouse, taken y^e 3^d. of Octob^r. 1709 by Mess^rs. Rudge & Bennett under Warehousekeep^rs, thô at the same time the ballance of Rupees remaining in the Warehouse should have been Twenty Thousand Eight Hundred Thirty Eight & two anas, according to the Warehousekeep^rs & Mintmast^rs. monthly Acco^ts.

M^r. Martin continued Warehousekeep^r Octob^r & Novemb^r following, during which time he receives into the Warehouse Vizt.

Acco^t Coinage of silver	Pag^s 336000 : :—
Acco^t. Custom	3754 ; 12 :—
to which add the ballce rec^d as above	10782 : $\frac{1}{4}$:—
is	350537 : — :—

On the 1^st. of Decemb^r following M^r. Raworth again rec^d. the Warehouse from M^r. Martin with the ballance of Rupees as beforementiond Three Hundred & Fifty Thousand Five hundred & Thirty seven, as appears by the Warehouse Conicoplys Cajan acco^t. of remains taken when the Warehouse was deliverd over, but no acco^t. of remains can be found wrote in English, signd by either of the Warehousekeep^rs. thô M^r. Martin affirms that he did deliver one signd to M^r. Raworth.

However it appears by the Books & Invoices that most of the Rupees rec^d. by M^r. Martin in the two months beforemention'd, were delivered out by M^r. Raworth in Jan^ry. following, because he ships off at once upon the Hallifax bound to Bengall Five hundred & Four Thousand, thô he has rec^d. no more from the Mint to that time than One hundred Sixty Eight Thousand, so that the other Three hundred & Thirty Six Thousand undeniably appears to be part of M^r. Martins ballance, which inclines us to beleive that Cajan acc^t. of the Conicoplys may be right, and we are obligd to declare that they seem to have been wrote at the time the Warehouse was deliverd up, thô it were to be wish'd that so much confidence had not been repos'd in the Conicoplys, but that the acco^t. of remains had been drawn up in English and signd interchangeably by the Warehousekeep^rs. as usual.

——*FORT ST. GEORGE, JULY 1712*——

Mr. Raworth continued Warehousekeepr. from the 1st of Decembr 1709 to the last of Augst. 1710, when Mr. Martin again recd. the Warehouse from him with a ballance of Six hundred & Forty Rupees only, as appears by an acct. of remains sign'd Robert Raworth, thô at that time there ought to have been One hundred Thirty Two Thousand Three hundred Fifty Three & 3/16, according to the Generall books & the Mintmastrs. monthly Accots, which have been regularly pass'd, thô the Warehouse accots are defective in severall considerable articles, and particularly in April 1709 there is no mention made of Two hundred & Fifty Nine Thousand Rupees receiv'd into the Warehouse from the Mint.

Of this large quantity of Rupees wanting Vizt. One hundred Thirty Two Thousand Three hundred & Fifty Three & 3/16, there are only Fourteen Thousand Five hundred & Thirty Seven of which there can be the least doubt, all the rest indisputably appears to be wanting in Mr. Raworths time, and the Fourteen Thousand Five hundred and Thirty Seven also, if the Warehouse Cajans are allow'd to be trusted to, which is submitted to yor. Honr. &cas. consideration.

As for the Six hundred Eighty seven lb, two ozs., nine dwt., & fifteen grains of silver wanting, it plainly appears to have happend in Mr. Raworths time, when he had the Warehouse under his charge, because when Mr. Martin took the Warehouse from Mr. Raworth the last of Augst. 1710 he receivd no more than Eleven Thousand Eight Hundred & Eleven Pound, eight ozs & eighteen dwts., thô the ballance then remaining should have been Twelve Thousand Four hundred and Ninety Eight lbs. eleven ozs, seven dwts & fifteen grains, and we find upon examination that the said Eleven Thousand Eight hundred & Eleven lbs, eight ozs, & eighteen dwts, receivd by Mr. Martin with what has been deliverd into the Warehouse since the last of August 1710 is very justly accounted for as plainly appears by comparing the thorô acct. of remains now taken, with the Generall Books.

And now we have sett these matters in a true light, we respectfully subscribe

Honble. Sr. &ca

Capt. Gostlin appears before ye Board to make proof of his petitn agst ye Trustees of Mr. Addision's Estate.

Capt. Armiger Gostlin appears before the Board to make proof of what alledg'd in his petition deliverd in the 7th instt., and the said petition being read again, of which a copy had been given to Messrs Edmund Mountague & Bernard Benyon Trustees to the Estate of the Honble. Gulston Addison decd. for their perusall, Capt. Armiger Gostlin was requir'd to make proof of what alledg'd in his petition, the said Gostlin produces a note under Mr. Robert Stokes's hand dated the 9th of April 1710. which is in the following words

Receivd of Capt Roger Allanson Elephants teeth to the amount of Thirty six thousand six hundred seventy six viss of Gance, for the which teeth within twenty-one days of the Gulston Galleys arrivall in Madrass, upon which ship the hazard runs, I promise to pay to the order of the said Capt. Allanson the full sum of Three hundred sixty Pagodas twenty one fanams.

SYRIAN YE 9TH APRIL 1710.

ROBT. STOKES.

Capt. Nevills depositions.

Capt. John Nevill being duely sworn declard as follows, that he the said Nevill was Cheif mate of the ship Shaalem in the service of the Pegue joynt stock, and present at Pegue when the foresaid note was given to Allanson.

That to his certain knowledge Allanson having been sent up into the Country by Stokes to procure Elephants teeth, brought down with him a parcell for his own Accot. which the said Stokes would not permit him to send to Madrass, but forcibly detaind them, alledging that neither he the said Stokes, nor any body else employ'd in that service, had liberty to trade in Elephants teeth, which were reserv'd for the joynt stock only.

That Allanson severall times desird Stokes to make up his Accot. for the foresaid teeth, which were ship'd on board the Shaalem bound hither among a large parcel

———*FORT ST. GEORGE, JULY 1712*———

belonging to the joynt stock, and that Stokes did at last settle the acco^{t}. and gave Allanson the abovemention'd note of his hand for Three hundred Sixty Six Pagodas twenty one fanams.

That he is very well assur'd the teeth which Stokes took from Allanson went in the Shaalem to Bengall, the said Ship not being able to gain her passage hither, and that he beleives they were sold among the rest to M^{r}. Josiah Chitty.

The said Nevill further declares that Stokes took away a parcell of tin and some teeth from him in the same manner, affirming that no person in the service of the joynt stock had liberty to export those Commoditys on their own Acco^{ts}.

M^{r}. Josiah Chitty being sent for and examind, declares that he heard M^{r}. Stokes mention a parcell of teeth to be on board the Shaalem belonging to Roger Allanson, and that he beleives they might be sold to him the said Josiah Chitty, among the rest belonging to the joynt stock, but cannot positively affirm it to be so. Mr. Josiah Chitty examind.

Cap^{t}. Gostlin produces a letter from Roger Allanson, wherein he mentions this note of Stokes's hand for Three hundred Sixty Six Pagodas twenty one fanams, and orders a Respond^{tia}. bond due to M^{r}. Addison to be discharg'd with part of the said mony.

Mess^{rs}. Mountague & Benyon Trustees for the Estate of the Hon^{ble}. Gulston Addison dec^{d}. who was Cheif Proprietor in the Pegue joynt stock, being ask'd what reasons they have to refuse payment of the foresaid note given by Stokes to Allanson, for the value of the Elephants teeth taken from him, returnd the following Answer. Messrs. Mountague & Benyon's ans^{r}.

That no notice being taken of the joynt stock in the said note, nor any proof appearing that the Elephants teeth belonging to Allanson, were sold among those belonging to the Stock in Bengall, but on the contrary part of those Invoiced for acco^{t}. of the joynt stock by ship Shaalem were found to be wanting, they conceive the Proprietors of the Joynt Stock are not liable to pay the said note, especially since there is a probability that Stokes might sell these teeth of Allansons apart, and it do's not appear that he has brought any sum to the joynt stock's credit for the produce of them.

M^{r}. Benyon being ask'd if he has any books in his possession kept by Stokes during his residence in Pegue for acco^{t}. of the Joynt stock produces a sort of a waste book wherein among other things it appears, that about the time when Stokes was settling his affairs, in order to come hither from Pegue upon the Shaalem, he draws a list of goods shipd off, with the charges upon them, and debts standing out amounting to Viss 680779 : 52, and in the close of the said acco^{t}. are the following words—Cash to be paid Cap^{t}. Allanson in Madrass.....36665 ^{viss}: 52 which sum̃ appears to be the same as that mention'd in Stokes's note to a trifle, the difference being no more than eleven viss of gance or $\frac{11}{100}$ part of a Pagoda. Mr. Benyon produces a sort of a waste book kept by Mr. Stokes in Pegu for acc^{t}. of the joynt stock, wherein there do's appear a memd^{m}. of a sum̃ to be paid Capt. Allanson in Madrass, the same as wt. now demanded to a trifle.

Wherefore in consideration that it appears to us, M^{r}. Stokes would not permit any person in the service of the joynt stock to export Tin or Elephants teeth for their own Acco^{ts}., That he did receive the forementiond teeth of Roger Allanson, and gave him a note of his hand to pay for them in Madrass, upon arrivall of the Gulston Gally, which ship came safe to Port, thô the teeth went upon the Shaalem to Bengall, and were sold there, and further it appearing to us very plainly that in the waste book which M^{r}. Stokes kept for the joynt stock, he has fairly enterd an article of Cash to be paid Roger Allanson in Madrass which amounts to the sum̃ mention'd in the note, and we cannot learn that any other like sum̃ has been paid to, or demanded by the Attorny of the said Allanson, we think in equity this bill ought to be discharg'd by the Joynt Stock, and accordingly

Orderd that Mess^{rs}. Mountague & Benyon Trustees for the Estate of the Hon^{ble}. Gulston Addison Esq^{r}. and Managers of the Pegue Joynt Stock, do forthwith pay or cause to be paid to Armiger Gostlin Attorny of Roger Allanson the sum̃ of Three hundred Sixty Six Pag^{s}. twenty one fanams, being the Amo^{t}. of the foremention'd note in dispute. Messrs. Mountague & Benyon orderd to discharge ye. said bill

——FORT ST. GEORGE, JULY 1712——

but ye. mony to remain in their hands till Allanson has adjusted his accts. they promise. to credit him for the same.

Mr. Bernard Benyon produces an Acco^{t}. remains of goods & mony left by Stokes in the hands of Roger Allanson, at his coming away from Pegue, which the said Allanson did allow and sign to, but has since sent over an Acco^{t}. Curr^{t}. wherein he charges himself with considerably less than what contain'd in the said acc^{t}. of Rem^{as}. wherefore the forementiond Trustees pray that the sum due upon Stokes's note may remain in their hands till Allanson has adjusted his Acco^{ts}. with the joynt Stock they promising to credit him for the same, which is AGREED to.

The Presid^{t}. produces ye Warehse. Cajans ment^{d}. in ye report of Silvr. & Rupees wanting.

The President produces the Warehouse Cajans or Malabar Acco^{t}. mention'd in the report of Rupees & Silver wanting enterd in last Consultation, which he demanded of the Conicoply as soon as this matter came to light, and declares that they have not been in possession of the Conicoply since he first receiv'd them.

Paupa Braminy calld in & ordd. to read yè Articles of Rups. & Silvr. wch. agree exactly with the report & declares y^{t}. to ye best of his Judgment it seems to be a fair accot.

Paupa Braminy Cheif Dubash being call'd in, was orderd to read the severall Articles of Rupees & Silver deliverd over by William Martin to Robert Raworth the last of Novemb^{r}. 1709, which agree exactly with those mentiond in the report, and the said Paupa being ask'd if he really thought the said Cajans to be Authentick, declar'd to the best of his judgment they are wrote by the Warehouse Conicoply, and seem to be a fair Acco^{t}.

Tonnapa to be sworn to ye truth of these Accots.

ORDERED that Tonnapa the Warehouse Conicoply be carry'd to the Gentue Pagoda, and there sworn after the most solemn manner to the truth of these Cajan Acco^{ts}.

Letter from Ft. St. David dated ye 15th instt. read, acqtg. us y^{t} they have brought ye old renters of their bounds with much ado to take them again at 3000 Chuckrums ℔ annm.

Generall Letter from the Dep^{ty}. Govern^{r} & Council of Fort S^{t} David dated the 15th inst^{t}. read acquainting us that they have brought the old rent^{rs}. of their bounds to take them again for Three Thousand Chuckrums for one year, which is the most they can perswade them to, and that there are no other persons that will give near the same sum, for sev^{ll}. reasons containd in the said Letter.

Liberty to be given accordingly.

AGREED that liberty be given to let out the bounds for one year only at Three Thousand Chuckrums, provided the Dep^{ty}. Govern^{r}. and Council are well satisfy'd that they cannot do better.

Petition of ye Ft. St. David Merchts. to be put on the same footing wth ours as to Custom & Dustore.

The forementiond Letter likewise recommends to us a petition of their Joynt stock Merchants, which is as follows.

TO THE WORP^{LL} ROBERT RAWORTH ESQ^{R}.
DEP^{TY}. GOV^{R}. OF FORT S^{T}. DAVID &C^{A}. COUNCIL.

THE PETITION OF OMAR NINA MAR CAWNE &C^{A}. JOYNT STOCK MERCH^{TS}.

HUMBLY SHEWETH.

That for many years past we have remonstrated to yo^{r}. Predecess^{rs}. how great a discouragement it was to us, to pay two & a half ℔ Cent Custom on the importation of our Callicoes, which we bring in on the Hon^{ble}. Comp^{as}. acc^{t}., when the Merch^{ts} belonging to the Govern^{r} and Council of Fort S^{t} George, receive so much favour from them, as to pay no more than one & a quarter, which induces us once more to request yo^{r}. Wor^{p}. &c^{a}., that you'l be pleas'd to put us on the same footing wth them, which will inable us to go chearfully thrô our buisness, and if possible make our cloth so much the better.

——*FORT ST. GEORGE, JULY 1712*——

We hope you'l be so kind as to grant this our reasonable request, but if 'tis not in yo^{r} powers, we then desire you'l state our case to the abovementiond Hon^{ble} Govern^{r}, & Council, who are Gentlemen of so much equity, that we have great reason to hope we shall meet with success there, which will induce yo^{r}. Petit^{rs}. not only to pray for the continuation of their health & prosperity, but likewise your Wor^{ps}. &c^{a}, for being so farr instrumentall towards procuring us the favour we ask, as laying our request before them.

FORT S^{T} DAVID JULY Y^{E} 15TH. 1712.

The matter containd in the foregoing petition being debated, and the Hon^{ble} Comp^{as}. last Generall Letter by the Dartmouth revis'd where they give directions concerning this affair, we find that we wrote the Dep^{ty}. Govern^{r} & Council about it on the 7th of August last, to which they return'd answer the 30th of the same month, to the following purport, " That they were of opinion the Custom & Dustore was a real not a notionall advantage, because their Acco^{t}. Curr^{t}. was always debted for it, however considering wee have so lately had just reason to complain of the badness of their cloth brought in upon contract, we think it a very bad time to be heaping favours upon them.

The petition debated & the Comp^{as} Genll Lre ꝑ y^{e} Dartmouth, as also a former letter from Ft St David perusd. when we have had lately so just reason to complain of their cloth it is bad time to be heaping favours upon them.

This brought on a further debate concerning the Investments to be made for this years Shipping, finding in M^{r}. Sec^{ry} Woolleys L̃re by Ship Arabella, that there are no less than five large ships intended this season for the Coast & Bay, including the Stretham via China, and we have the Howland, Dartmouth, & Darby already upon our hands, so that thô we have no inclination to invest more at Fort S^{t}. David than there is absolute necessity for, yet it will be impossible for us to dispatch a large ship in Jan^{ry}. without their help, wherefore we find our selves oblig'd to come to the following RESOLUTIONS.

A debate concerning y^{e} Investmts for this years Shipping.

That the last contract at Fort S^{t}. David being very near comply'd with, the Dep^{ty}. Govern^{r} & Council be wrote to, to know upon what terms their Merchants are willing to undertake another of Eight hundred to a Thousand bales, of the usuall sortments, to be ready by New Years day.

Resolvd y^{t} we write to Ft. St. Dd. to know on what terms their Merchts. are willing to contract for 1000 bas to be ready by New Years day.

That it be recommended to them to acquaint their Merchants that we will not take in any goods whatsoever that are not exactly conformable to our Musters, and that if we find they perform their buisness punctually & well, we shall be encourag'd to put them upon the same footing with our Merchants here, as to Custom & Dustore, and to grant them any other favour in our power.

that their Merchts. be acquainted we will not take in any goods that do not come up to muster, & yt if they perform well we shall be encouragd to gratify ym in their req^{t}.

Generall Letter from the Cheif & Council of Vizagap^{m}. dated the 7th inst^{t}. read, advising of five great ships seen the 30th ult^{o}. off Ganjam that stood into shore and show'd French colours, but whereas the same number of Dutch ships saild from Negapat^{m}. the 21st of June bound to the Bay, they must undoubtedly be the same.

That whereas yor. Petitr. by the then acting Trustees Messrs. Capt. Holden's reasons for coming to this Port.

Capt. Richard Holden Comandr. of the Mary sent for in, and his reasons demanded for touching at this Port, whereas our Honble. Masters advise us that he is bound directly for Bengall, he answers that receiving advices at the Cape that the Dutchess was taken by two large French ships, that were suppos'd to be still in India, he thought it safe to keep Company as farr as this place in order to get advices of them, than to go directly to Ballasore where he [did] not know but the said ships might be ready to intercept him, he likewise adds that he acted by the advice and consent of all his Officers & delivers in a copy of a Consultation signd by them dated the 23d inst.

the Bengll. Letter of the 27th Aprill advising the scarcity of Rupees taken into consideration.

The President & Councils Letter from Bengall dated 27th April taken into consideration, where they advise that the Mint is shut up, and Rupees very scarce, and desire us to coin what silver arrives here for Bengall into Rups. and to send them down by the first Conveyance.

Agreed yt ye Marys Treasre. be landed to be coind, & yt her packet be opend to take out the Invoice.

Agreed that the Marys Treasure be immediately landed to be coïnd into Rupees, and that their pacquet by the said ship for the President & Council in the Bay be opend for the Invoice, that we may see if the silver comes out right, and know how to charge our selves therewith.

Agreed that the following order be given to the Captn. of the Mary.

To Capt. Richard Holden
Commandr. of Ship Mary.

You are hereby orderd to send ashore the Compas. packet directed for the Presidency in Bengall, and to deliver the Treasure on board you to the order of Mr. Henry Davenport Warehouskeepr., and for so doing this shall be a sufficient discharge, Dated in Fort St. George this twenty ninth of July One Thousand Seven hundred & Twelve.

The Presidt. acqts. ye Board yt there will be 120000 rups. ready by Monday next

The President acquaints. the Board that there will be One hundred & Twenty Thousand rupees or thereabouts ready by Monday next, it was taken into consideration that none of the other three ships can be unladen and ballasted by that time, wherefore

———*FORT ST. GEORGE, JULY 1712*———

AGREED that the Mary be detaind to carry down the Rupees, which we apprehend they will be in great want of to carry on their Investment, [and] this cannot be of any prejudice to our Masters affairs, because a Duplicate of their packet that came by the Marlbrô was sent away the 24th instt. and the Demorage is the same charge both here and in Bengall. Agreed to detain ye Mary to carry them down.

the matter debated, & resolvd yt it may be attended wth. the worst of consequences.

That whereas we are very well satisfy'd this Nabob has amass'd a vast sum of mony, by cruel extortions and other ill practices in his Governmt., which are the reasons that he is like to lose his Employ, & may occasion demands upon us from the Governmt. that may be attended with ill consequences, we can by no means consent to meddle in this affair, the Company having already sufficiently sufferd by their servants at Vizagapm & elsewhere dealing with the great men in power.

Pags 10000 paid in by ye Mintmastr.

Having now a fair prospect of dispatching the Dartmouth in time a full ship, it was taken into consideration which way we can best provide for another ship of the same bigness in Janry, which is the most we can be able to do, considering the season for the rains draws near, which will be a very great impediment both to the weavers & washers, the weavers generally working in Topes of Trees and not in their houses as in other parts of the world.

provision for the dispatch of a ship of the Dartmouths burthen in Janry. taken into consideration.

AGREED that Five to Six hundred bales are the most that can be depended upon here, the same quantity at Fort St. David, and not above Two hundred at most from Vizagapm.

HONBLE. SR. &CA.

Having servd the Rt. Honble. Compa. for the space of ten years in severall Employs in this place, during which time have dischargd [the] trust repos'd in me with my utmost diligence and integrity to their interest, The character I have hitherto had, with what my Honble. Employers have thought fit in severall of their Generall Letters to say in my behalf, to recommend me to yor. Honr. &ca. for preferment as opportunity might offer, induces me at this time to request a confirmation of my standing in their Honrs. service, whether before Messrs. Richard Horden & Joseph Smart or not, (between whom there is a dispute of the like nature) who are the only persons here under Council that can make any pretence of seniority above me, and as

such to avoid contention I have hitherto given place to them, thinking it did not much avail which was first or last, whilst so farr below the Council, but now being the three Seniors upon the List it is of greater consequence, and therefore I desire to lay before you the reasonableness of my request, and leave it to yo^r. Hon^r. &c^as. serious consideration, either to determine it here, or referr it to the Hon^ble. Court of Directors in England as you shall think fit.

Mess^rs. Horden & Smart coming out on the Chambers Friggat bound first for China and then for Madrass, either by contrary winds or other reasons, came first to this Port on the 28^th March 1702, whereas had they proceeded their intended Voyage according to the Comp^as. orders, they had not been here till 1704, in the mean time I arriv'd here on the 9^th Sept^r. 1702, on the Colchester bound directly hither, so that I ought to have commenced in the Hon^ble. Comp^as. Service as long before them, as now they claim before me, not only this but referr yo^r. Hon^r. &c^a. to the Hon^ble. United Comp^as. Generall Letter by the Tavistock, wherein they immediately confirm me a writer in their Service upon the Union, from whence I inferr that I ought to be Senior of that Classis from the date thereof.

This with submission is what I have to say in behalf of my Seniority wholly relying on yo^r. Hon^r. &c^as. favour herein, & am with all respect

Yo^r Hon^r. &c^as. most Obed^t. hum^ble. Serv^t.

FORT S^T GEORGE AUG^ST. 20^TH 1712. THO: COOKE.

TO THE HON^BLE. EDWARD HARRISON ESQ^R.
PRESID^T. & GOVERN^R. OF FORTS S^T. GEORGE &
S^T. DAVID &C^A. COUNCIL.

Hon^ble S^r. &c^a.

After having undergone a twelve months fatigue, when I thought I might have expected some repose, yo^r Hon^r. &c^a. may easily beleive it is a great mortification I labour under, to be involv'd in fresh troubles, which I fear will prove an almost irreparable prejudice to my fortune, however I shall endeavour to go thrô these difficultys w^th. all imaginable patience, it being a great satisfaction to me to know from my own Experience that I am in the hands of men of Hon^r., who will give me their utmost assistance towards procuring me reparation from the person, who by putting too much confidence in him, has most notoriously abus'd me.

Yo^r. Hon^r. &c^a. may call to mind that on the arrivall of the Hon^ble. President from England, the necessity of affairs requiring it, I was immediately orderd away for Fort S^t. David, and consequently obligd to leave all my buisness in the utmost hurry and confusion.

Tonnapa the Warehouse Conicoply having been formerly put into that employ by the Govern^r & Council, and serv'd severall years before my intring upon the Warehouse, and having been intrusted by Gov^r. Pitt in all his private buisness, occasiond me to put a more than ord^ry. confidence in him on all occasions.

This man came to me immediately before my departure for Fort S^t. David and told me there were a parcell of Rupees & Silver wanting to ballance the Warehouse acco^ts., at which I was very much surprizd, & immediately made as good an enquiry into the matter as the shortness of my time would permit, and finding some considerable errors in the acco^ts., desir'd my freind M^r Francis Cooke since deceas'd to settle them with Tonnapa & pay in what was due, promising that my Attorney should reimburse him and indeed I thought this had been comply'd with, when to my very great surprize yo^r Hon^r. &c^a. sent me word that I was indebted to the Warehouse

	lb.	oz	dwt	gr
132353 Rupees, and for	687 :	2 :	9 :	15

of Silver, I can solemnly declare with a most safe conscience that a great part of this mony is due from Tonnapa, who has most notoriously abus'd the trust I repos'd in him, & no doubt but he kept back the

accoᵗˢ. purposely to conceal his own Villainy which has in a great measure occasion'd this misfortune.

As for the ballance that stands out against Mʳ. Martin and myself it lies also in Tonnapas hands, being mony which he receivd for Outcrys, and never paid in either to Mʳ Martin or to me nor in Consultation as usual which appears very plain by the accoᵗˢ. I settled with him in Janʳʸ. last, and thô taken from his own Cajans make him indebted Ten Thousand Pagodas.

I sent for this man very often and pressingly urg'd him to let me know the particulars of the Warehouse Ballance standing out, but he always trifled with me and put me off from time to time, upon pretence of the mony not being collected in, and in few days all would be adjusted, so that this Accoᵗ. remaind open at the time of my Removall, when he brought me a List of severall persons indebted, which I deliverd to my Attorney, and the mony has been since recoverd, thô it has been a work of much time and trouble.

This is the true state of my case, and I must confess my misfortunes are cheifly owing to the vast confidence I put in this wicked man, who as I said before was put in by the Governʳ & Council, has continued so many years in the Employ, and had so much trust repos'd in him by my predecessors, how farr this may excuse me from being liable to make good his roguerys I intirely leave to yoʳ Honʳ. &cᵃ., and if you think I ought in Justice to be responsible I shall very readily submit & forthwith pay in the greatest part of the sum̃, hoping you will allow me a convenient time to get in the rest, and afford me the utmost assistance to procure reparation upon Tonnapas estate wheresoever to be found for the vast damage I am like to sustain by him; I shall not detain you longer, thô I could fill some sheets on this Subject, then to subscribe [my]self

20 bas. of Gurrahs to be died for ye West Coast.

Orderd that the Warehouskeepʳ do put Twenty bales of Gurrahs to be died for West Coast, and that he deliver in next Consultation an accoᵗ. of goods proper for that place to be provided at Fort Sᵗ. David.

the debate concerng ye wants in ye Whse reassum'd, Mr Vicessᵐˢ. Griffiths case considerd.

The debate concerning the wants in the Warehouse resum'd, and the Companys standing orders considerd relating to such cases, and particularly the case of Mʳ. Vicessimus Griffith considerd.

Mr Raworths case not paralell to that.

Agreed that the case of Mʳ. Vicessimus Griffith is not a paralell to this of Mʳ. Raworths, having none of those circumstances mention'd in the report of Messʳˢ. Hewer & Dubois Vizᵗ. variety of employments to disable him to call the Conicoply to accoᵗ. so often as he ought to do, such as Sea Customer, Paymaster, Generall Choultry Justice &cᵃ thô there is this one circumstance alike in both cases Vizt. That the Conicoply had been in the employ some years before Mʳ. Raworths time, that he was putt in by Governʳ Pitt & Council and never forfeited his Character before.

——*FORT ST. GEORGE, AUGUST 1712*——

Compas ordrs abot. Conicoplys in their Lre by ye Dutchess Jany. 8th 1700 produced & debated.

The last order we can find relating to the matter before us is the 17th paragraph of the Generall Letter dated Janry. 8th. : 1700 by the ship Dutchess or rather we may term it the Honble. Compas opinion relating to the trust repos'd in the Conicoplys, which is in the following words.

" We observe you have acquitted and re-entertaind Mr Vicessimus " Griffith which we do not at all find fault with, but we should have been glad to " have heard you had done something towards recovering part or all of the mony " his Conicoply Tomina run away with, being near five hundred Pagodas, it is a great " deal for us to lose, therefore, if any thing be recoverable of Tomina or otherwise do " not reckon it a desperate debt, however this leads us to consider the latter part of " the clause in the Benjamins letter, that all our Covenant Servants being Collectors " of our Revenue shall be answerable for their Conicoplys, from whom they may " take security or except against them, and of this you have given publick notice, but " that it is a generall complaint the Conicoplys cannot give security, nor can the " Revenues be collected without them, to this we think there are two proper remedys, " one is, farm out all you can, as formerly w[e] have directed, the other, call them " weekly or oftener to accot. and receive what mony they have in Cash, and then " the less security will serve, especially if you can find out honest able fellows " among them.

Mr. Raworth not have. exceptd [a g]st. Tonapa, or calld him so duly to accots as he ought to have done we do determine that he must make good what is owing, but ye sentence to be submitted to the Honble. Compas, Judgmt.

Now since it do's not appear that Mr. Raworth ever excepted against Tonnapa the Conicoply, but quite the contrary repos'd an intire trust and confidence in him, and since he did not according to the order in the said parah. call him so frequently to accot. as he should have done, which would undoubtedly have prevented so great an imbezzlement, and is the only way to keep these people honest, where no sufficient security is to be had, we find ourselves obligd to determine that Mr. Raworth must make good what is owing to the Warehouse, submitting at the same time this sentence to our Honble. Mastrs. to be ratified or alterd as in their judgment they shall think most equitable and in the mean while think it necessary to come to the following Resolutions.

Resolutions taken Vizt. that Mr. Raworths acct. currt. be debted for ye silver & Rups. wants. & for the balle of his Warehouse acct.

That the Accomptant do upon the close of these Generall books ending in April last debt Robert Raworth Esqr. his Accot. Currt. for the Rupees and Silver wanting, as also for the Ballance of his Warehouse Accot. Vizt. Ten Thousand Four hundred Fifty nine Pagodas, twenty fanams, & four Cash and that the said Robert Raworth Esqr. do forthwith pay the mony due upon the ballance of the said Accot.

that ye Rups. be cast up at 340 for 100 Pags. & ye silver at 16⅝ &

That the Rupees wanting be cast into Pagodas at the rate of Three hundred & Forty to a hundred Pagodas, and the Silver at 16⅝ for ten Pagds. which is *bona fide* the price that Rupees & Silver were sold at Anno 1710 in the months of April, May, June, & July, which is the time that the said Rupees & Silver appear to have been made use of.

that we will assist Mr. Raworth to recover what possible of Tonapa.

That we will give Mr. Raworth all manner of assistance to recover what possible of Tonnapa the Warehouse Conicoply towards making him reparation for what damage he is like to sustain.

the Presidt. acqts ye Board yt he has set peons to see yt nothing is carry'd out of Tonapa's house.

The President acquaints the Board that he has Tonnapa and some of his Accomplices under close confinement, and has set peons to take care that nothing be carry'd out of his house.

——FORT ST. GEORGE, AUGUST 1712——

Mr. Raworth pays in 25000 Pags. in part.

Robert Raworth Esq[r]. pays into Cash Twenty Five Thousand Pag[s]. in part of the debt due from the Warehouse, and promises to pay more i[n a] very few days, as he can get mony in.

debated further how we ought to proceed in this affair

finding no order upon record yt will [be]ar us out in proceeding to severity.

It was further debated what measures we ought to take in a case of the nature, pursuant to the Hon[ble]. Comp[as]. orders as they now stand, where there has been a manifest neglect both in the Govern[r] & Accomptant for the time being as well as the Warehouskeep[r]. and in regard that our Hon[ble]. Masters have been pleas'd to distinguish M[r]. Raworth by placing him second upon this Establishment, and that he has particularly distinguish'd himself by his bravery in the defence of their bounds at Fort S[t]. David, as well as by his good Government in reforming the abuses of that place, as also that we do not find upon the Register any standing order that will bear us out in proceeding to the utmost severity before our Masters pleasure be first known.

Agreed yt ye matter be fairly wrote home & ye Comp[as] ordrs. desird how to act in cases of the like nature.

AGREED that this matter be fairly and truly represented in the next Generall Letter, and submitted to the Hon[ble]. Comp[as]. pleasure praying their full directions how to proceed in cases of the like nature for the future.

Two barbarous murthers having been comitted at Ft. St. David, & every thing out of order there since Mr. Raworth came away for want of strict discipline.

The present state of Fort S[t]. David being taken into consideration with the necessity of a speedy Investment it appears to us that since M[r]. Raworths coming away two barbarous murthers have been committed by our Europe Soldiers upon the Natives, that the Military is under the utmost disorder and confusion for want of a severe hand and strict discipline, which may be attended with the worst of consequences.

Ordd. yt he forthwith return wth full instructions concerning an Investmt.

ORDERD that M[r]. Raworth do return to Fort S[t]. David with full instructions concerning the intended Investment, as soon as he has settled his affairs in secure hands for the paying in the remainder of the forementiond debts.

The joynt stock Merchts ask'd wt bales they could provide by Janry. wt. more by ye follows Septr & what broadcloth they wou'd take off

The joynt stock Merchants Call'd in and ask'd how many bales they can engage to get ready by Jan[ry]. and how many more by Sept[r]. following and what quantity of Broadcloth they are now willing to receive in payment to which they answer

they ansr. yt they cannot warrant for more yn 600 in Janry. & 1400 by Septr. & having 300 bas of last years red cloth by them, they desire at prest. [250], bas of green, 70 Aurora, 10 Scarlet & 6 of fine perpetuanoes, may be de[li]verd ym. at the usual advance.

That they will use their utmost endeavours to get in as many bales as possible for the month of Jan[ry]. but cannot warrant for more than Six hundred, & Fourteen hundred by Septemb[r] following; That they have now by them Three hundred bales of red cloth of the last years Cargo, That they are willing to take at present Two hundred & Fifty bales of green, Seventy of Aurora, Ten of Scarlet & Six of fine Perpetuanoes, at the usuall advance upon Invoice, and that as soon as they can find means to rid their hands of this parcell, they will be glad to take off the remainder, but that if they have not the help of some mony they cannot be able to carry on such large Investments.

——*FORT ST. GEORGE, AUGUST 1712*——

The President acquainted them that they must first propose at w^t^ price they would undertake the Investment, and then we should be the better able to agree upon severall points relating thereto, they were desird to consider that we abated five ℔ Cent upon the last Contract in consideration of the scarcity and dearness of cotton and grain, but that now there is a prospect by Gods blessing of a good crop, we expect they will invest upon easier terms, and give them till next Consultation for their finall answer. The Presidt. acqts. ym. that they must 1st propose at wt rate they woud invest [ti]me giv'n to next Consultn- for ansr.

ORDERD that Cap^t^. Lawrence Minter, Cap^t^. Joseph Beale & Cap^t^. Thomas Greenhaugh do go off on board ship Dartmouth, and survey her, and make their report to this Board. the Dartmouth orderd to be [s]urvey'd.

——*FORT ST. GEORGE, AUGUST 1712*——

ye amot. being more yn usual occasns a scrutiny into it upon wch we remark

the amo[t] of the foregoing Expence being much more than usual occasions a particular enquiry upon which we make the following remarks.

that ye new Soldiers from Europe & [th]ose from Ft St. David have increasd the article of Charges Garrison.

The Soldiers that came from Europe upon this Shipping, and the party that came from Fort S[t]. David with Cap[t]. Roach have considerably increas'd the article of CHARGES GARRISON.

ye same as to Charges Diet & Diet stores laid in.

The same we observe in the Articles CHARGES DIET, & DIET STORES LAID IN, increas'd some small matter by the new comers.

ye Mint some inlargements made in it.

The article of the MINT Sixty three Pag[s] occasion'd by having abundance of work to do more than usual, upon coining all the silver for Bengall were oblig'd to make some enlargements and other disburstments.

Charges Cattle, occasd by ye dearness of grain.

CHARGES CATTLE is more than it ought to be occasion'd by the extravag[ce]. price and scarcity of grain.

New Hospitall, all ye Timber us'd therein brought into ye accot. so yt these artcs. being extracted ye Expence is not more than usual.

The NEW HOSPITALL which is an article of Two Thousand Four hundred Sixty four Pag[s]. thirty two fanams this month, is because all the timber & plank us'd therein, which is the dearest and most considerable article in the building, is all brought in at once, and the rest of the extraord[ry]. Expence in the month is occasiond by the other buildings going on at the same time, so that when those articles are extracted, the Expence of the Garrison do's not appear to be more than usual.

Warehouse accot. for July read & 6000 Pags. paid in.

Henry Davenport Warehousekeep[r]. reads that acco[t]. for last month & pays into Cash Six Thousand Pagodas on acco[t]. goods sold.

Mint accts for July read & Pags 77 : 20 : 1 pd in acct Coinage Gold.

Edward Harrison Esq[r]. Mintmast[r]. reads his Mint acc[t]. for last month, and pays into Cash Pag[s]. Seventy seven, twenty fanams and one cash acc[t]. Coinage of Gold.

ye Whsekr complaining yt shooting rice among ye Bengll. bales occasns vermin to breed & is of very ill consequence.

The Warehousekeep[r]. making complaint that shooting rice among the bales that are annually brought up from the Bay hither is of very pernicious consequence, because it gets in among the Gunny package and occasions the Godowns being pesterd with rats that tis almost impossible to preserve the goods from damage.

Agreed to write to Bengll. to forbid it for ye future.

AGREED that we write to the Gentlemen in the Bay positively to forbid the Captains shooting any rice among the bales for the future.

Mr. Josa. Chitty produces a pow'r to receive 348 Ozs of silver sent out for his brother.

M[r]. Josiah Chitty producing a letter from his mother wherein she orders h[im] to receive 348 oz[s]. of Silver sent out upon ship [*lacuna*] for the use of h[is] younger brother M[r]. Benjamin Chitty.

Ordrd. yt it be deliverd him.

ORDERD that the Warehousekeeper do deliver the said silver.

——*FORT ST. GEORGE, AUGUST 1712*——

The Accomptant acquaints the Board that upon the adjustments in order to ballance the books he finds severall goods wanting in the Warehouse delivers in a list as Enter'd after this Consultation, upon examination of which it appears that there have been so many changes in the Warehouse [of] late years without taking any thorô accoᵗ. of remains that 'tis impossible to fix these wants to the time of any one Warehousekeepʳ for which reason we find it absolutely necessary to establish the following rule.

The Accomptt acqts. yᵉ Board yt he finds sevll. wants in yᵉ Warehouse.

That whenever the Warehouse is deliverd over from one person to another there shall be a thorô accᵗ. of remains taken and deliverd into this Board within fifteen days after the new Warehousekeepʳ. takes the charge upon him which shall be signed by the old and new Warehousekeepʳˢ. and deliverd to the Accomptant to be examin'd and adjusted with the books, and a report therᵉof] made in fifteen days following, the said accoᵗ. of remains signd joyntly to remain in the Accomptants Office & the Warehousekeepʳˢ. to discharge each other by a proper writing in Consultation.

Ordrd. yt whenever yᵉ Whse is deliverd over, a thoro' accot. of remains be taken, & compar'd wth yᵉ Genll. b oks, & signd interchangeably by yᵉ old & new Warehousekeeprs.

Since for the reasons aforementᵈ. we are not able to find out particularᵉs] in what Warehousekeepʳˢ. time these goods were missing we are obligd to have recourse to Tonnapa the Conicoply of the Warehouse, who has been in that Employ ever since Mʳ. Thomas Wright left the Warehouse Anno 1706.

not being able to find out in wt Whsekrs time these wants happend, we are oblig'd to have recourse to Tonapa.

Accordingly the said Tonnapa was calld in and ask'd what accoᵗ. he coud give of the severall goods wanting as ℔ List, his answer was as follows.

Tonapa calld in & examd.

That as for the Redwood there has all along been a great waste in what has been work'd up in Carriages and other things for the use of the Garrison & that there are severall bags of chips now remaining in an old Godown which will in great measure make good that want, as for the white lead [&] broad cloth he confesses with a great deal of impudence that he has dispᵉosed] of them and will make good the value, but pretends not to know in what Warehousekeepʳˢ time he took these things out of the Warehouse, whereupon remitted him into custody with orders to keep him close confin'd & suffer noᵗ persons to talk with him.

he ansrs. yt yᵉ redwood has always a great waste upon it, & confesses yt yᵉ broad cloth, white Lead &ca he made use of, & will make good yᵉ value.

William Martin former Warehousekeepʳ. delivers in a memoriall as Entᵈ. after this Consultation setting forth that Mʳ. Robert Raworth was put joynt Warehousekeepʳ. with him by Govʳ. Pitt against his will that Mʳ. Raworth kept the keys of the Warehouse and transacted all the buisness singly, so that he the said William Martin was only nominall and consequently ought not to be accountable for the ballance due from the Warehouse under their charge, which ballance is seven Thousand Three hundred seventy two Pagˢ. seventeen fanams.

Mr. Martin delivrs. in a memoriall concerng. yᵉ ballo. due from him & Mr. Raworth wn. joynt Whsekrs.

Order'd that the Secʳʸ. do deliver a copy of the foregoing Memoriall to Mʳ. Rawworth in order that he may return an answer thereto next Consultation.

——FORT ST. GEORGE, AUGUST 1712——

To the Hon^ble. Edward Harrison Esq^r.
Presid^r. & Govern^r. of Fort S^t. George
&c^a. Council.

Hon^ble. S^r &c^a.

The ballance of the Warehouse acco^ts. ending in Decem^r. 1708 having been a long time due presuming to say from M^r. Raworth and he now being here I desire may make good that ballance Amounting to Pag^s. 7372: 17 : according to his promises but now finding he expects I should pay part of his ballance do think it very unreasonable because he acted as sole Warehousekeep^r. in all manner of respects, & I was barely nominall, since he can't but own to the world that he singly receiv'd all monys & deliverd out every thing, & that I had not charge of any thing whatsoever nor were the keys permitted to be ever in my custody. I think it very hard that I should be accountable with him for any mismanagement of his, which I know nothing of, being forcibly kept in the dark for I neither receiv'd nor deliverd any one individuall thing, nor was I requird to do any thing belonging to the Employ, or permitted to give orders therein, being willing to be cleard of the name of Warehousekeep^r. because I could not act, I severall times us'd all the arguments I cou[ld] with Gov^r. Pitt but no remedy being to be had, was forcd to rest patiently with fair promises & assurances that I should be no sufferer for what M^r. Raworth transacted singly till the arrivall of the Comp^as shipping, at which time M^r. Present

Edward Harrison Esq^{r}. Govern^{r}. & Presid^{t}.
Robert Raworth. Thomas Frederick.
Henry Davenport. William Martin.
Edward Bulkley. William Jennings.
Bernard Benyon. William Warre.

The President reads his acco^{t}. of the R^{t}. Hon^{ble}. Comp^{as}. Cash for last month ballance being Thirty Three Thousand Thirty nine Pag^{s}. twenty seven fanams & five cash. — Cash acc^{t}. for Augst. read.

Robert Raworth Esq^{r}. pays into Cash Twenty Thousand Pagodas in part of his acco^{t}. Curr^{t}. for debts due to the Warehouse acco^{t}. Rupees &c^{a}. & makes appear that he leaves behind him sufficient to discharge the whole debt in two or three months at farthest, his Attorneys being to pay the mony in as they receive it. — [Mr.] Raworth pays in 20000 Pags. & makes appear to leave [behi] nd him suffict. to discharge the whole.

William Martin Sea Customer pays into Cash One Thousand Pogodas on that acco^{t}. — Pags. 1000 p^{d}. in by the Sea Custr.

Generall Letter from Fort S^{t}. David dated the 29th ulto^{o}. read, advising that cloudy rainy weather has been a great hindrance to their washers. — Lr̃e from Ft. St. David read.

Orderd that the Secretary do wait on M^{r}. Fraser with a copy of the 85th paragraph of the Generall Letter relating to his Salary, and to demand the repayment of it as therein directed. — The Secry to demand ye repaymt. of Mr. Frasers salary.

Robert Raworth Esq^{r}. acquaints the Board that he has made a particular discovery of near Forty Thousand Rupees convey'd out of the Warehouse at times by Tonnapa the Conicoply in the year 1710 and desires that the witnesses may be examind, accordingly they were sent for in, and after being told by the President that they must be very faithfull in their evidence because we should expect them to swear to the truth thereof if demanded, they deposed as follows, Tonnapa the Conicoply being present. — Mr. Raworth reports yt he has made a discovery of abot. 40000 Rups taken out of ye. Warehouse by Tonapa.

——FORT ST. GEORGE, SEPTEMBER 1712——

Head Mint braminy examin'd.

Verdipa head Braminy of the Mint who has serv'd the Hon^ble. Comp^a well in that employ severall years declares, that in the year 1710 being there were a large parcell of Rupees in the Warehouse not chested up, he and the rest of the Mint Braminys had a key upon the door of the said Warehouse and were always present when any Rupees were taken in or deliverd out and being ask'd what rupees were taken out by Tonnapa in that year, and to whom deliverd they gave in the following list from their Cajans without any hesitation, and being further ask'd if the Warehousekeeper or any of the Companys covenanted Servants were present at the delivery of all or any of the said sums they answerd no, but that Tonnapa came with an order from the Warehousekeep^r. as he pretended.

1710 March 29th.	Rup^s. 3000	deliverd by Tonnapa to Yelliah Muddelaree.
,,	677	deliverd by d°. to M^r. Bennett.
April 2d.	10200	deliverd by d°. to Arne Moodu.
,,	1000	deliverd by d°. to Yelliah Muddelaree.
,,	7000	deliverd himself.
6th.	600	deliverd by d°. to M^r. Bennett.
28th.	1500	deliverd by d°. to Yelliah Muddelaree.
30th	7000	deliverd by d°. to Arne Moodu.
May 1st.	1000	deliverd by d°. to Sunca Rama.
June 16th.	7000	delivered to himself.
	Rup^s. 39977	

Sunca Rama's son acknowledgs. ye rect. of ye 1000 chargd. to him & yt. he took them in part of a debt.

Sunca Ramas son one of our joynt stock Merch^ts. having rec^d. a Thousand Rupees the 1^st of May as mention'd in the foregoing list was examind whether he receivd the said Rupees or not, and upon what acco^t., to which he readily answerd that Tonnapa being indebted to him between Two & Three hundred Pagodas did deliver him One Thousand Rupees in payment, out of the Warehouse on the day aforsaid, and that he did not then doubt but he had paid the Company for them.

Arne Moodu also owns yt. he recd. 17200 Rup^s. of Tonapa for wch. he paid the amot. in Pag^s. at ye. Curr^t. price.

Arne Moodu another Merchant mentiond in the List to have rec^d. Seventeen Thousand two hundred Rupees at two severall times, was called in and askd whether he did receive two such sums at the times mention'd & upon what acco^t. to which he reply'd that he did receive the said two sums amounting together to seventeen Thousand Two hundred Rupees out of the Warehouse, for which he paid Tonapa in Pag^s. at the then Curr^t. price.

Yelliah Muddalaree not being to be found & Mr Bennett at Sea no proof can be made of those articles.

Yelliah Muddalaree another person mentiond in the List to have rec^d. Five Thousand Five hundred Rup^s. at three severall times, could not be found at present & M^r. S^r. John Bennett being abroad upon a voyage to Surat, the truth of those articles relating to him cannot be prov'd.

Tonapa confesses ye. rect. of ye. Rups. but says he took them out wth. Mr. Raworths consent, & pd. them in again in Rup^s. in two months time.

Tonnapa being examin'd as to the Fourteen Thousand Rupees receivd by himself at two severall times confesses the receipt of them, and being further ask'd how he durst presume to employ the Company's Treasure to his own use, reply'd with a great deal of impudence that he did it by M^r. Raworth's consent and that he paid the whole quantity in again in Rupees within two months after he took them out.

Mr. Raworth tenders his oath yt he never gave Tonspa ye permissn. & adds yt he cou'd not have paid ym in again without ye Mint Braminys knowledge.

M^r. Raworth solemnly declares and offers to take his oath that he never gave Tonnapa any such permission, and adds that 'twas impossible he could have paid the Rupees in again, without the knowledge of the Mint Braminys that had their key upon the Warehouse.

——FORT ST. GEORGE, SEPTEMBER 1712——

And the Mint braminys declare that he never did pay in any Rup^{s}. again that they know of.

y^{e} Mint Braminys declare they know nothing of his paying ym in again.

Verago Pilla Mint Conicoply declares that some days ago Tonapa came to his son who kept the Cajans, and desir'd him if he shou'd come to be examin'd about this affair, that he would lump the whole acc^{t}. of Rup^{s}. deliverd out, and charge them as deliverd to M^{r}. Raworth without bringing his name upon the stage.

Mint Conicoply declares y^{t} Tonapa had been tampering wth his son to charge all y^{e} Rups. to M$_{r}$. Raworths accts.

Upon the whole evidence it appears very plainly to us that Thirty Nine Thousand Nine hundred & seventy seven Rupees were taken out of the Warehouse by Tonapa between the 29th of March & the 16th June 1710, which were apply'd to his own use and indeed he does not deny it, but pretends to have returnd them in again, which seems to us a very ridiculous excuse, 1st because the same Mint braminys that were witnesses to the taking of them out of the Warehouse, because they had a key upon the door, must have been likewise privy to his bringing them in again, which they offer to take their oaths they know nothing of, & 2^{dly} if he had paid them in again, how come they to be wanting in the ballance of the Warehouse, and why did he not speak of this matter before we found it out from other hands?

Upon the whole it appears to us that he did actually take y^{e} sum of 39977 Rups. out of y^{e} Warehouse & his excuse of having pd. ym. in again seems very ridiculous.

It appears to us further upon these examinations that the whole buisness of the Warehouse has been intrusted to the sole management of this wicked fellow, ever since M^{r}. Thomas Wright laid down the employ of Warehousekeep^{r}. which is from the month of Augst. 1706, to the time of the new Presidents arrivall, so that we are not so much surpriz'd at what he has done, as that he did not do a great deal more when he had it so much in his power.

It appears further to us y^{t} the sole management has been intrusted to him.

ORDERD that Tonapa be returned into close custody and that all his effects be seizd on wheresoever they can be found, to make satisfaction for the roguerys he has committed.

Tonapa to be close confind & his effects seizd on.

ORDERD that Arne Moodu be kept close prisoner upon the Choultry till he produces his cajans of acco^{ts}. to prove that he ever paid Tonnapa for the seventeen Thousand Two hundred Rupees which he receivd.

Arne Moodu to be kept in Custody till he produces his Cajans to prove That he paid Tonapa for y^{e} Rupees he had of him.

Robert Raworth Esq^{r}. delivers in his answer to M^{r}. William Martin's memoriall, which is Enterd after this Consultation, and at the same time assures the Board that the ballance due to the Warehouse under the charge of M^{r}. Martin & himself is intirely due from Tonapa, besides upwards of Three Thousand Pagodas more due to the Warehouse under his particular charge, all which mony was for goods sold at Outcry, for which Tonapa collected the mony, and kept it in his hands under pretence that he met with infinite trouble in getting in the said mony, when at the same time he had receivd it.

Mr. Raworth deliv^{rs}. in his ans^{r}. to Mr. Martins memoriall.

ORDERD that Mess^{rs}. Thomas Frederick, Henry Davenport & Bern^{d}. Benyon do examine all the Warehouse acco^{ts}. during the time that Mess^{rs}. Martin & Raworth were joynt Warehousekeep^{rs}. and report what ballance they find due to the Hon^{ble}. Comp^{a}. which way the debt seems to arise, and in whose hands the ballance now is, to the best of their judgments.

Messrs. Frederick Davenport & Benyon to examine y^{e} Whse accots. & report in whose hands they beleive that ballance to be.

——FORT ST. GEORGE, SEPTEMBER 1712——

Mr. Martin calld upon for the balle. of his acct^{s}. whilst sole Warehouse-keepr.

The Presid^{t}. acquaints M^{r}. Martin that for the same reasons this Board has condemn'd M^{r}. Raworth to make good the frauds comitted by Tonapa in the Warehouse under his management, they must likewise expect he should make good the ballance due to the Warehouse under his charge singly which amounts to Three Thousand Three hundred thirty one Pag^{s}. twenty eight fanams & four cash, or give us sufficient reasons to the contrary next Consultation.

Petition of Simon Vassy read.

Petition of Simon Vassy read, praying an enlargement of his pay in regard of his great family, and the loss of his legg in the Fort S^{t}. David service.

ye Paymastr. to pay him Europeans pay.

ORDERD that the Paymast^{r}. do pay him Europeans pay in the Gunroom in consideration of his good service.

Reuben Smith Sergt. having been guilty of loathsome practices

The President acquaints the Board that Reuben Smith Serg^{t}. has been some time confind close prisoner for loathsome practices with a black fellow & that it would be a scandal to the Garrison if he should be sufferd to live longer in it.

Ordd. yt he be sent home.

ORDERD that the said Reuben Smith be sent home upon the next ship.

Leiutt. Howson making his submission to ye Board & prticly. to ye Depty. Govr. promisg. amendmt. for ye future, to be released & sent to Ft. St. David.

Lieut^{t}. Edmund Howson being sent up hither from Fort S^{t}. David in the month of May last for severall complaints made against him by his men, most of which upon examination we find to be ill grounded, and to proceed cheifly from their being exasperated by his severe treatment, and the said Howson making his humble submission to this Board, and particularly to the Dep^{ty}. Govern^{r}. whom he had personally offended, promising to be guilty of no irregularitys for the future, and not to punish his men without first acquainting the Dep^{ty}. Govern^{r}., we have at the request of M^{r}. Raworth and in consideration that the said Howson is a very expert Officer, and has seen a great deal of service in Europe, consented to release him from his confinement and send him once more to Fort S^{t}. David upon his good behaviour, and accordingly the said Howson was calld in, and made acquainted with the resolution of the Board, and the terms on which he is again employ'd.

the murthers & irregularities among ye Military at Ft. St. Dd. considerd. Mr. Raworth gives an acct. of ye Officers characters Vizt.

The murthers and irregularitys that have been committed at Fort S^{t}. David, since M^{r}. Raworth came away being taken into consideration and debated we cannot but be of opinion that they have happend in great measure from the distance of the out guards which have not been so frequently visited as formerly so that our people have had liberty to debauch themselves with drink even to the loss of their senses, and upon enquiring into the characters of the Officers in generall M^{r}. Raworth gives the following Acco^{t}.

ye Lieutt. Hugonin is almost super-annuated.

That Lieut^{t}. Hugonin who is upwards of sixty years of age has sufferd so much by the cruel treatment he receiv'd when prisoner at Chingee, that he is much impaird and fears he will never recover it so as to be able to do the drudgery of his Employ.

ye. Lieutt. Wallace by a fall from his horse having broke his skull is scarce able to do his duty

That the other Lieut^{t}. Wallace having receiv'd a fall from his horse in visiting the out guards by which his skull was broken and oblig'd to be trepan'd 'ts much to be fear'd he can never recover so farr as to be able to do his duty.

& yt ye Ensigns are all very young men, preferrd for their bravery. Leutt. Roach to be sent down thither again.

That the Ensigns are young men whom we have promoted in consideration of their distinguish'd bravery against the enemy, but are not yet to be trusted with more than the single command of a Guard, wherefore we find it absolutely necessary to send Lieut^{t}. John Roach down again for the present to be the Cheif Comand^{r}. of the Military under the Dep^{ty}. Govern^{r}. & Council of whose good services we have had sufficient experience during the late troubles.

Pags. 4298 : 12 advanc'd ye Paymastr.

ORDERD that Four Thousand Two hundred Ninety Eight Pagodas twelve fanams be advanc'd Edward Bulkley Paymast^{r}. to defray Charges Garrison.

———*FORT ST. GEORGE, SEPTEMBER 1712*———

ORDERD that the Cawne Gohee duty for one year ending the ult°. June last be paid. Cawne Gohee duty ordrd. to be paid.

WILLIAM WARRE.

To the Hon^ble. Edward Harrison Esq^r.
Presid^r. & Govern^r. of Fort S^t. George
&c^a. Council.

Hon^ble. S^r. &c^a.

I have perusd the copy of the paper deliverd in by M^r. Martin the 25^th. ult°. the cheifest matter containd therein being to desire of yo^r. Hon^r. that you'd be pleas'd to compell me to pay the ballance of an acco^t. standing out when he & I had jointly the charge of the Warehouse, insinuating that thô he was first nam'd and signd all acco^ts. that he was only nominall, but not really concernd in that buisness.

How farr his arguments may influence yõ^r Hon^r. &c^a. to grant his request I can't tell, but from the justice lately receivd from you, I've a great deal of reason to hope for more favourable usage, and do assure you that it was very much against my inclination I then acted in that Employ, but when I was engag'd in it, & found M^r. Martin take so little care of the concern under him I then thought it my duty to take the burthen upon me, so farr as making up the monthly acco^ts. & to see all things landed and safe put into the Godowns w^ch when I had done I apprehended it M^r Martins duty to collect and receive the amount of all sales, which he neglecting to do is the cause of the present dispute between us, and tho' he is pleas'd to say he often requested of Gov^r. Pitt to discharge him from that Employ as not having the keys brought to him every night, I can't remember any such thing, and suppose that after his frequent importunitys if he had been deny'd his request he would then have made his Address to the Board, which I dare say he never did thô he had no occasion to put himself to that trouble, for on the first hint I would have immediately gratifyd him and rid myself of a very profitless fatigue, instead of which without any manner of reluctancy he sign'd all acco^ts. whatever, and seem'd very well pleas'd to have the satisfaction of living at ease.

Were my circumstances as good as any mans in the world, I hope no body will beleive it could ever enter into my thoughts to dispose of so large a sum̃ as Seven Thousand Pagodas to a person I am so little oblig'd to, and to be sure I would much less promise him such a sum̃ at this juncture it is very true that he once discoursd me on this Subject, and talkd as extravagantly of it, as he has lately wrote to yo^r. Hon^r. &c^a., when I told him (to the best of my remembrance) that I would endeavour to make him easy as farr as reason & justice would allow me & I think if I make good my moiety I gratify him more than I can answer to my self ; for thô it is a very great vexation to me to be impos'd upon (as I've very lately been) by a Conicoply, yet I can support my self under the affliction, because he was a man of capacity & (before he was detected) might have deceivd the most carefull man living, but it would break my heart tamely to suffer so great a loss by M^r. Martin, & thô he is pleas'd to mention the Conicoply abovementioned as an Evidence in his own behalf, that he paid me upwards of Six Thousand Pag^s. of the ballance due yet I solemnly declare I never rec^d. a Pag^a. of him, as I made very plainly appear, when I last adjusted acco^ts. with him.

This is all I have to say to M^r Martin's paper, & shall trouble yo^r. Hon^r. &c^a. no further, than to assure you that whatever my thoughts are at present upon the occasion, I shall very readily submit to yo^r. determination & am

Particulars is said to have been sent home by the Frederick, and by mistake no copy kept in the Accomptants Office, Messʳˢ. Frederick & Davenport desire Mʳ. Raworth to declare before the Board whether he did not receive and pay all the mony by himself, to which he readily answers that all went thrô his hands only, and that if

——FORT ST. GEORGE, SEPTEMBER 1712——

there should appear to be anything due to the Hon^ble^. Comp^a^. on acco^t^. of the ballance aforesaid, it is he that must make it good, and that the other Gentlemen aforementiond are no way concern'd.

Mr Raworth confesses himself answerable for wt due on that accot.

William Jennings Land Customer reads that acco^t^. for last month Viz^t^.

Richard Horden delivers in a memoriall in answer to M^r^. Thomas Cookes petition which is Enterd after this Consultation, and produces Factors Indentures sent him out of England Anno 1708, whereby the Hon^ble^ Comp^a^ allow him to take his standing from the time of his being entertaind in the service here by the Govern^r^. & Council which was the 28^th^ of March 1702,. and therefore in obedience to their orders we find our selves oblig'd to declare him senior to the said Thomas Cooke, and it is Orderd that he do take place accordingly.

Mr. Horden delivrs. in a paper in ansr. to Thos. Cookes petitn. & Is declar'd Senr. to the said Thomas Cooke.

The Companys joynt stock Merchants calld in and press'd to come to an agreement since the season wears away apace.

joynt stock Merchts called in; who declare yt they cannot invest cheaper yn last Contract.

They declare that they cannot invest cheaper than the last Contract if we keep them so strictly up to muster as we have done this year ; That they are losers by what they have done ; That grain is now dearer than ever ; That they will lay a very particular acco^t^. before us what every particular peice of cloth costs them, and submit to us to invest as much as we please allowing them common interest for their mony, this debate adjournd to next Consultation, since they are bringing in goods daily on the former Contract, so that no time is lost.

M^r^. William Martin delivers in a second paper in answer to M^r^. Raworths reply in last Consultation the consideration of which is deferr'd till Mess^rs^. Frederick, Davenport, & Benyon deliver in their report according to order of last Consultation.

Mr Martin delivers in a 2d paper in ansr. to Mr Raworths reply, ye consideratn of wch is deferrd.

Whereas it appears to us by the late examinations concerning the Warehouse that there has been such a trust repos'd in the Conicoplys as was never intended either by the Hon^ble^. Comp^as^. orders or by this Board, nor is indeed to be permitted or allowd of in any settlement whatsoever, because they may have it in their power to imbezzle more of the Companys Estate than either the Conicoply, or the Warehousekeeper for him, or both of them together may be able to make good.

it appears to us yt. there has been an unwarrantable trust reposd in ye Warehouse Conicoplys.

——FORT ST. GEORGE, SEPTEMBER 1712——

[&] their having been putt in ye Govr. & Council being made use of for an excuse, we think fit to make the following provision for ye future.

And whereas it has been offerd by way of excuse from the Warehousekeepers during this debate that Tonapa was put in by the Govern^r & Council before their time, thô we do not allow of any validity in the said excuse, because they did not except against him, yet we have thought it advisable to make the following provision against such like inconveniencys for the future.

yt ye Warehousekeepr shall be at liberty to choose his own Conicoply if he will be answerable for him.

ORDERD that the Warehousekeep^r upon his entry into that Employ shall always be at liberty to choose his own Conicoply, provided he is not a person against whom the Board have sufficient reasons to except and provided that the Warehousekeep^r himself is content to answer for the said Conicoply, which he shall be obligd to agree to in Consultation.

Mr. Davenport agrees to be answerable for his Conicoply Devaroy who is therefore confirmd to that employ.

And whereas Henry Davenport present Warehousekeep^r has the liberty to make use of his own Conicoply, thô not sufficiently known to this Board, upon his agreeing now in Consultation to be answerable for the said Conicoply nam'd Devaroy, as long as he the said Henry Davenport continues Warehousekeep^r and no longer, the Board consents that he be confirmd Conicoply of the Warehouse.

but if the Warehousekeepr. would rather have a Conicoply of the Boards putting in yt sufficient security be taken.

ORDERD that in case any Warehousekeep^r. for the future shall rather choose to have a Conicoply put in by this Board, than to be answerable for one of his own choosing, the Conicoply so put in shall be obligd to give such security as the Board shall think reasonable.

the late mismanagemt having rather happend by remissness in not calling ye Conicoplys to accot. it is thought necessary to establish the following rules.

And whereas the mismanagements now before us have rather happend from a remissness in not calling the Conicoply frequently to acco^t. than from any necessity there is to put so much confidence in him, We think it highly necessary (thô the Warehouse is now in good hands) to establish the following rules, in order to make it less necessary to insist on high security for the Conicoply which will be difficult to be procur'd.

no Conicoply to buy at Outcry or take goods out of the Whse without ready mony.

That no Warehouse Conicoply be permitted to buy at any Outcry of the Comp^as. goods, nor to have any goods out of the Warehouse for his own acco^t. without paying ready mony.

yt ye produce of all Outcrys be paid as the goods are taken away but if sold for time yt ye buyer give a note of his hand payble at the time appointed.

That the produce of all Outcrys made upon the Comp^as acco^t. be paid in as the goods are taken away, or if the goods are sold for time when the buyer clears them he shall give a note of his hand payable on the day appointed, which note shall not be given up till the person brings or sends the mony.

yt ye Conicoply be not permitted to go into the silver Godown without the Warehousekeepr or his Assistt be prest.

That the Conicoply be never permitted to go into the silver Godown without either the Warehousekeep^r or the person next employ'd under him, and that no Treasure be ever deliverd out but by the Warehousekeep^r. himself, or in case of sickness by some persons of Council that shall be appointed for that purpose.

——*FORT ST. GEORGE, SEPTEMBER 1712*——

That the Accomptant do always compare the Mintmastrs. monthly accot. of silver coind and deliverd into the Warehouse, with the Warehousekeeprs. accot. of what recd. and see that they agree before he bring them into the Generall books.

That ye Mint Warehouse accots. be always compard together before they be brought into the Genll books.

That if there is any difficulty in getting in debts due to the Warehouse the Warehousekeepr shall apply to this Board without loss of time that all effectuall means may be us'd, to recover it before it be too late.

yt if there is any difficulty to get in debts ye Board be made acquaintd. with it.

That yearly before the Books are ballanc'd the Warehousekeepr. do deliver in an accot. of all debts standing out at that time, that he may have the assistance of this Board to get in as much as possible before the close of the Books.

yt ye Whse kr yearly deliver in a List of all debts standing out.

First to Mess^{rs}. Martin Raworth's Acco^{ts}. when they acted joyntly we have carefully compar'd and examind the Abstract deliverd us with the Generall Books and do find that it agrees there with the Ballance of which is Pag^{s}. 7372 : 17, and arises from Tonapa's receiving the severall sums of mony, as the month's Acco^{ts}. more particularly appears, for Goods sold out of the Warehouse & at the Outcry of the Kent's Cargoe and which mony the said Tonapa received from y^{e} sev^{ll}. persons who bou^{t}. the same at Outcry, & we do not find he ever paid it to the Warehsekeep^{rs} & M^{r}. ——*FORT ST. GEORGE, SEPTEMBER 1712*——

William Martin delivers in his reasons in writing as Enterd after this Consultation, why he thinks he ought not to be answerable for the ballance of his Warehouse accoᵗˢ., and the said reasons being debated, we find he lays the stress upon Tonapa's being put in by the Governʳ. & Council, That he was in great trust with Govʳ. Pitt and severall others, & recommended for great ability and integrity & That he can't accuse him of any thing when he was Warehousekeepʳ before, wherefore he did not suspect him till a little before Governʳ Harrison arrivd, and that he thinks Tonapas security ought to make good the debt if he is not able to do it himself, to all which it was argued.

Mr .Martin delivers in his reasons why he cannot consent to pay the ballce. of his Whse acct.

the matter debated.

That when Tonapa was put into the Warehouse by Govʳ. Pitt & Council Mʳ. Thomas Wright then Warehousekeepʳ. did make severall objections against him.

That his abilitys are allow'd of, but as for his integrity those that have trusted to it and have been deceiv'd ought to be accountable.

That Governʳ Pitt never trusted him nor any black Merchᵗˢ. months & years without calling them to a strict accoᵗ.

& his reasons ansd.

That Mʳ. Martin owning to have suspected Tonapa a little before the Governʳˢ. arrivall, was a very good reason why he should have complaind to the Board, as soon as the Governʳ was arriv'd, and not have deferrd it till the Janʳʸ. following.

That Mʳ William Martin when he took charge of the Warehouse was so farr from excepting against Tonapa, that he confesses to have put an intire confidence in him; and consequently he himself was his security and whereas in the close of his paper he thinks Tonapa's security ought to make good the debt, he should make appear to the Board that substantial security was given for Tonapa, or else by his own words he condemns himself to pay the money.

Upon the close of this debate the following Questions were put.

1ST QU.

Whether this case of Mʳ. Martins is not exactly the same with Mʳ. Raworths, who has already been condemn'd to pay the mony and consented thereto.

Mr. Martins case agreed to be exactly ye same wth. Mr. Raworths.

AGREED in the affirmative *Nemine contradicente.*

2D QU.

Whether Mʳ. William Martin having intirely confided in the Conicoply, & trusted him with so considerable a sum of mony so long as from before the Governʳˢ arrivall in July, to the beginning of Janʳʸ following, without complaining to the Board, thô he confesses under his hand that he suspected his honesty before the Governʳˢ arrivall, ought not to be answerable for the said sum with interest.

Agreed yt. Mr. Martin ought to be answerable for ye. sum with interest.

AGREED in the affirmative *Nemine contradicente.*

Then Mʳ. Martin desiring an appeal to the Honᵇˡᵉ. the Court of Directʳˢ.

Mr. Martin desires an appeal to ye Court of Directors.

AGREED that upon his giving sufficient security to pay the sum of Three Thousand Three hundred thirty one Pagˢ. twenty eight fanˢ. & four cash with the usuall interest from the time the said mony has been due in case the Court of Directors should order the payment thereof, the case may be referr'd home to them in the Generall Letter for their decision.

Agreed yt. provided he gives security to pay ye. mony if so adjudgd by them it be allowd him.

The President acquaints the Board that he has usʼd his utmost endeavʳˢ to prevail with our Merchᵗˢ. to make an abatement upon the intended Investment, but they still declare that they cannot do it without being losers which they are sure neither the Honᵇˡᵉ. Compᵃ nor we can require at their hands.

The Presidt. acqts. ye. Board yt, he cannot bring ye. Merchts. to any abatement.

ORDERD that the Secretary do summon the Merchants to attend the Board on Saturday next to come to a finall determination.

Orderd that they be summond attend on Saturday next.

——*FORT ST. GEORGE, SEPTEMBER 1712*——

To the Hon^ble. Edward Harrison Esq^r.
Presid^t. & Govern^r. of Fort S^t. George
&c^a. Council.

Hon^ble. S^rs. &c^a.

Your Hon^r. having demanded security of me to abide by what the Company shall award in relation to Tonapas debt, I take the liberty to lay before yo^r. Hon^r. &c^a. the many reasons I have to urge against so severe a judgment, and what inclines me to beleive myself not so liable to make good the said debt.

By the Consultation of Decemb^r. the 17^th 1702 which referrs to an order from the Company importing that Conicoplys who are intrusted with their Estates shall give security for their integrity, it appears the Comp^a. do understand themselves to be subject to what losses may happen by the frauds and breaches of trust of the Conicoplys of the Warehouse [s] the election of one by Govern^r. Pitt & Council being y^e the occasion of said Consultation, this the Board not long since acquisc'd in, by being of opinion that M^r. Empsons ballance should be chargd to Tonapa's acco^t. thô M^r. Empson had not by much so sufficient proof as my self in my case, that said Tonapa had actually receiv'd that ballance and not himself.

Cojah Johannes's bond to M^r. Frederick for customs seems likewise [to] me to have a similitude to my note from Tonapa he lying under not [a] great necessity to intrust him for the Customs as I did to Tonapa to receive the amo^t. of Outerys and selling of fanams, it not being possible for the Warehousekeep^r. to receive all the said sums himself therefore hard would be his fate if he be oblig'd to trust the Conicoply in receiving the amo^t. of Outerys &c^a. on the Camp^as. acco^t. when the risque & hazard of the Conicoplys nonpayment must be on the Warehousekeep^rs. own [acco^t] as to M^r. Raworths paying in his ballance I cannot conceive it to [be] any argument for me to follow his Example, because it's evident he wants that demonstrative proof, that Tonapa is indebted to the Warehouse in relation to the Rupees as I (by a note under his hand) [man] ifestly have, because there cannot be the same occasion to trust a Conicoply to take out of the Warehouse a great quantity of Rupees, as there unavoidably is in receiving the amount of goods sold at Outery and selling of fanams, thô the former at that time he actually [did] without my order after all if it be a judgment (which will be very severe) that his case is paralell to mine (for mine I am assur'd can never [be] parallel to his) I cannot think it reasonable that his voluntary paying the Company what they could not in justice demand, can be any ways an obligation on me to do the same M^r. Raworth's easie consent to the payment of the said Rupees, seeming to be the naturall effect of a doubtfullness within himself, whether he might not have had the benefit of them.

At the Consultation of the 11^th it pass'd that having trusted the Conicoply for so considerable a sum from before the Govern^rs arrivall, in July to Jan^ry. following without complaining to the Board, when I confess'd I suspected his honesty before July, I ought to be answerable for said sum with interest, in answer to which I do declare, that I did not know the fellow was so much indebted, till I could get him to make a finall ballance and furthermore I think it extreamly hard, that the principall and indeed only reason (in the above recited Consultation) for the payment of the mony is only grounded on my neglect in not complaining to the Board sooner, which I could not do till I knew where it lay, besides 'tis impossible I should be liable to the payment of another mans debt, for no other reason but because I could not for some time give this Board information of it, occasion'd by the multiplicity of other affairs of the Companys.

What I have above urgd is with submission to the Board, if yo^r former opinion still prevails I desire an appeal to the Hon^ble. Court of Directors, without being oblig'd to give any other security for the payment of the mony on their future decision, than M^r. Raworth gave on his return to Fort S^t. David, which I think is no other than his promises, your judgment then proceeding no doubt from what is

——*FORT ST. GEORGE, SEPTEMBER 1712*——

highly rationall, that former securitys in England are sufficient to answer for all mismanagements &c^{a}. under which denomination I hope yet your Hon^{r}. &c^{a}. will not think my case to fall. I am

Hon^{ble}. S^{r}. &c^{a}.

Lres from Ft. St. David advisg. to have brought their Merchts to contract for 1000 bas at ye former prises.

——FORT ST. GEORGE, SEPTEMBER 1712——

their contract approv'd in all points but ye sortmt. in wch. there is too great a quantity of fine goods.

AGREED to approve the said Contract in all points except the sortment wherein there is a much larger proportion of fine goods than what specify'd in the List for Investments that came out by this years shipping, which we can by no means allow of.

a Ft. St. David bill of Exch. for 5000 Pags. accepted & ordd. to be paid.

They advise further to have drawn a bill of Exchange for Five Thousand Pagodas payable to Omar Nina Mar Cawne &c^{a}. which bill being offerd is accepted and orderd to be paid.

A Lre from Nabob Habid Cawne to ye Presidt. desiring us to turn Mr. Hastings out.

The Presid^{t}. produces Translate of a Letter from Nabob Habid Cawne which came by his own peons, and the purport of it is that M^{r}. Hastings having assisted his enemys with ammunition and disobligd him in severall other particulars, he gives him abundance of ill names, desiring that we wou'd displace him, and send such a person as will be obedient to his command.

a civil negative ansr. to be return'd to him.

AGREED that a civil answer be wrote to the Nabob, with our reasons why we cannot agree to his request.

Lre from Mr. Faucet advise. his being withdrawn to Maddapollam.

A Letter from M^{r}. Thomas Faucet at Maddapollam dated the 10th inst^{t}. read, giving an acco^{t}. of his arrivall there, and the reasons why he rem[oved] from Ingeram.

Pags. 5000 pd in by the Warehouse-keeper.

Henry Davenport Warehousekeep^{r} pays into Cash Five Thousand Pag^{s}. on that acco^{t}.

the C & Councll. of Vizagm. having laden 2000 Pags. & packing stuff on ye Jane for Mr. Faucet but ye ship not fetching her port is come hither.

Ship Jane arriving in the road this morning from Vizagapat^{m}. the Captain acquaints us that he had orders to call in at Maddapollam & take in what bales were ready, but the freshes sett out so strongly together with a Current to the S^{o} West that he was put by not being able to the shoar aboard, and M^{r}. Hastings having put abcard Two Thousand Pagodas with severall stores & Packing stuff in charge of Benjamin Russell Writer to be deliver'd to M^{r}. Faucet.

ye mony to be pd into Cash & the packing stuff deld. ye Whsekr.

AGREED that the mony be paid into Cash, and the Packing stuff &c^{a} deliverd the Warehousekeep^{r} to be sent down again by the first opportunity.

Mr. Martin's Remonstrance debated & all ye assertns. therein contd. ansd. himself being present.

M^{r}. William Martins last Remonstrance of the 15th instant taken into consideration and debated, himself being present.

In the 2^{d} paragraph of the said Remonstrance he asserts that the Consultation of Decemb^{r} y^{e} 17th : 1702 referring to an order from the Hon[ble] Company, importing that Conicoplys intrusted with their Estates shall give security for their integrity, makes appear that the Comp^{a} unders[tand] themselves to be liable for all frauds in the Conicoply, the election of one by Govern^{r}. Pitt & Council being the occasion of the said Consultation &c^{a}.

This appears to us an ill grounded assertion for thô in one sense the Company may be said to be liable for all breaches of trust, and frauds committed by any of their servants whatsoever, because the loss unavoidably falls upon them, if those employ'd in their service & their security are insolvent, yet the very taking of security itself sufficiently evidences that they intend to have a reprisall both upon the Warehousekeep^{r}. and the Conicoply or their securitys, according to the merits of the cause

———*FORT ST. GEORGE, SEPTEMBER 1712*———

And further the foregoing assertion of Mr. Martin's was well grounded, yet it is no way applicable to the case before us, for if we could admit the whole paragraph to be true in fact, as we now undeniably make appear to himself that it is not, yet the meaning of it could only be construed to extend to cases of fraud or robbery, and not to this case where it is plainly manifest that the mony had not been lost, had the Conicoply been duely call'd to acco^{t}. and the letting it [lie] so long in his hands, might encourage him to send it abroad, in hopes some other adventures would drop in before he should be calld upon to pay the mony.

But to overthrow all pretences that Mr. Martin can have to imagine that the Company by ordering security to be taken do understand themselves to be subject to all losses &c^{a}. we referr him to the 13th para of their Generall Letter dated the 26th of Augst. 1698 which is as follows:

"Whether Mr. Vicessimus Griffith and others in the like cases ought to pay for "mony rec^{d}. by their under Officers is no hard question to decide, all men that are "charg'd with mony in all offices are here and in all places in Europe answerable for "what their under Officers receive, but in such cases they are permitted to choose "their own under Officers, being such as you approve, as in the case of all our ships, "the Owners propose the Commander, we approve, but the ship that is the Owners "must be answerable for the miscarriages of the Commander.

And in another Generall Letter dated the 8th of Jan^{ry}. 1700 it is expressly orderd, speaking of this very case of Conicoplys, and their security, that all Conicoplys should frequently be calld to acco^{t}. and then the less security would serve, which is a most undeniable truth, for a very small security indeed would serve, when the person at the head of the affair is able and willing to do the duty of his Employ.

By the way it was observ'd upon this debate that notwithstanding the forementiond Consultation of Decemb^{r}. y^{e} 17th 1702, mentions Tonapa to be taken into the Warehouse upon his offering good security, yet it no where appears that ever any security was given, which we suppose was omitted because as the said Consultation expresses it, Govern^{r} Pitt had great experience of his ability and integrity, so that whilst he was in the Government Tonapa was well lookd after and needed no security being frequently calld upon for the mony, but since his departure all these mismanagements have happend, and Mr. Martin was so farr from excepting against Tonapa when he came to be Warehousekeep^{r}. that he confesses in a former paper he put an entire confidence in him, w^{ch} was the reason he did not recommend another for the Board to approve according to the Letter of the Companys orders beforementiond.

As for the last part of Mr. Martins assertion in the 2^{d} paragraph that this Board not long since were of the same opinion, in agreeing that Mr. Empson's ballance should be charg'd to Tonapa's Account we utterly deny that ever there was any such agreement.

In the third paragraph the paralell drawn between Cojah Johannis's bond to Mr. Frederick for customs, and Tonapas note to Mr. Martin to make good the ballance of the Warehouse is not just, because Cojah Johannis was a trading man then in repute, and had liberty to clear his goods upon credit according to the custom of the Port, thô he afterwards faild and is not able to pay, but Tonapa's note is for mony rec^{d}. on acco^{t}. of goods sold, and for goods which he was sufferd to buy himself at Outcry, and must have paid the mony if he had been calld upon in time, before he had sent it to sea.

Mr. Martin adds further, hard would be his fate if he be oblig'd to trust the Conicoply in receiving the amount of Outcrys &c^{a} on the Companys acco^{t}. when the risques and hazards of the Conicoplys non-payment must be on the Warehousekeep^{rs}. own acco^{t}.

It [. . . absol]ute necessity of [. . . . .] the amo^{t}. of Outcrys much [.] necessity of letting the mony continue in his hands [. . . .] and we may say very hard would be the Companys f[ate] if their estates were to suffer by the Warehousekeep^{rs} putting an unreasonable and unnecessary confidence in the Conicoply.

——FORT ST. GEORGE, SEPTEMBER 1712——

In the next place Mr. Martin cannot conceive that Mr. Raworths paying in his ballance is any argument for him to follow his example because it's evident he wants that demonstrative proof &ca.

This seems very strange to us after the plain proof made in Consultation of the 2d instt. concerning the Rupees, to which Mr. Martin acqu[iesced] and sett his hand, and indeed there was no room for him to refuse it and as for the other part of Tonapa's debt to Mr. Raworth, it appears by the report of Messrs. Frederick, Davenport & Benyon, who were appointed to inspect the Warehouse accots, that it was for mony gatherd in on accot. of goods sold at Outcry, which by Mr. Raworths rem[issness] Tonapa evaded paying in, so that we think the two cases are exactly alike leaving the Rupees out of the question and to conclud[e] we think Mr. Raworths paying in his ballance is an undeniable reason why Mr. Martin should follow his example, because as we said before the cases appear to us the same, and because Mr Martin so readily gave his consent and sign'd the Consultation wherein Mr. Raworth was call'd upon to pay the mony.

The last paragraph but one is hardly worth our notice, for thô we allow most part of it to be true in fact, yet we wou'd ask Mr. Martin why he did not force Tonapa to a ballance sooner, and then he would have known where the mony lay, for there is no Warehousekeeprs. accot. that is kept up as it ought to be, but may at any time be ballanc'd in two days time, nor can Mr. Martin justly complain of multiplicity of other affairs of the Compas from July to Janry. in which time he was Sea Customer, which thô a place of great trust, has the least business to do of any man at the Board.

As for the last paragraph wherein Mr. Martin desires an appeal to the Honble. the Court of Directors, without giving any other security than Mr. Raworth gave, and urges that his security in England is sufficient to answer for all mismanagements, he was told that to his own knowledge Mr. Raworths Attorneys have engagd to pay in the mony as it comes in and as for the security given in England we take it only to be designd in case of insolvents here, because the Compas. positive orders are that no body shall leave India before all their just debts are paid, and that whosoever is indebted to them shall be suspended at [*a line lost*] we had debated [*a line lost*] consideration that he is a tru[e . . . .]ly be found when the judgm[ent. . . .]

having nothing to offer in [. . .] what debated.

AGREED that we ought to take sufficient security of [. . .] the debt with interest, if the Company shall condemn him to [pay] it, accordingly he was call'd in again and made acquainted with our resolution, upon which he desir'd time till next Consultatn. which was granted, and he at the same time told that we would receive no more papers upon this subject.

Agreed yt. suffict. security must be taken & yt. we will receive no more papers on ys subject.

——*FORT ST. GEORGE, SEPTEMBER 1712*——

[. . .] The main charge against Nichola is that he did of his own accord lend the French Company at Pontichery the Thousand Pagodas left the said widdow by her husbands will without her consent.

And that he likewise lent the share belonging to the youngest daughter which is Two Thousand Five hundred Pagodas to the French Company in the same manner contrary to the tenor of the will wherefore they pray that he may be oblig'd to pay them the mony before his departure taking the debt in the French Companys hands to his own Acco^{t}.

This matter being fully examin'd and the last will of the said Gregorio read, it appears to us by severall witnesses that the widdow did consent to the lending her mony at interest to the French, and the said Nichola produces a receipt witnessd by her own father for the interest receiv'd by her, wherefore we cannot think Nichola under any obligation to pay her the mony, and take the debt on his acco^{t}.

It also having been represented to your Petit^{r}. that in conformity to the Hon^{ble}. Your Petit^{r}. do's therefore most humbly lay at your Hon^{r}. &c^{as}. feet her & her children by D^{r}. John Healthfeild, indisputable just demands upon the Estate of the aforesaid Deceasd Cap^{t}. John Tyler, wholly relying on yo^{r}. TO THE HONBLE. EDWARD HARRISON ESQR. &CA. COUNCIL.

HONBLE. SRS. &CA.

In obedience to your Honr. &cas. order of Council of the 21st instant concerning Mr. William Martin Warehousekeepers ballance being Four Thousand Nine hundred & Six Pags. six fanams & four cash copy of whose acct. I now deliver and offer the following report.

The ballance thereof appears to be due from him by his short payment for what goods and Treasure he sold monthly.

——*FORT ST. GEORGE, NOVEMBER 1712*——

And whereas he seems to object against the article of Eleven hundred & forty Pag^{s}. twenty two fanams and three Cash which he's debted to the Owners of ship S^{t}. George I thus make it appear that he is rightly chargd with the same.

In the month of June in the Cash acco^{t}. he's credited Viz^{t}.

Paid in for silver sold	..Pag^{s}.	3000 : — : —
Paid in for what he rec^{d}. in part for damag'd goods & silver wanting from Cap^{t}. Goodman		1140 : — : —
And in his own acco^{t}. for servants wages		15 ; 9 : 4
	Pag^{s}.	4,155 : 9 : 4

now as he has credit for Eleven hundred & forty Pag^{s}. in his months acco^{t}. which was paid him by Cap^{t}. Goodman, so he ought to be debted to said Owners, as well as creditted by the mony receivd of them.

And that he has credited himself by their mony and not debted himself to them for it is demonstrated by his own months acco^{t}. for in the same he debts himself to the amount of Thirty Six Thousand Nine hundred & Fifteen Pagodas six fanams for goods and Treasure sold indifferently wherein he enters nothing to have been sold that can be chargd against the Owners of ship S^{t}. George as sometimes it has been practisd by Warehouskeep^{rs}. to debt themselves for goods damag'd and deliverd to the Captains on acco^{t}. their ships Owners thereby debting themselves as if the goods were sold, and creditting themselves by what receiv'd on that acco^{t}. but nothing of this appears.

Yet he credits in the acco^{t}. of what deliverd out, severall acco^{ts}. as Goods and Treasure to Cap^{t}. Goodman which the Owners of ship S^{t}. George are debted for, but then this will no ways help his acco^{t}. by reason as he at first receivd all the ships Cargo in and debted himself for the same and then credits himself for that part deliverd out, when he receivd the mony and never debts himself for it, yet he has the credit from the Owners of said ship by the delivery of the goods and stands indebted for the Cash receiv'd, so that in my opinion unless M^{r}. Martin can show something more material than he has yet done he is liable to answer the same.

To acco^{t}. this as mony receivd by Tonapa's Conicoply as lately practiced I cannot see there is reason for it, nor don't well know which way he made up the acco^{t}. with him, the sum no way agreeing with the books but beleive he might be mistaken in his ballance carrying on from the month of June Pag^{s}. 49428: 25: 2 whereas if he had debted himself for the sum in dispute Pag^{s}. 1140: 22: 3 the ballance ought to have been Pag^{s}. 50569: 11: 5. I have not further to lay before your Hon^{r}. &c^{a}. on this affiair, but referr the whole to your better judgment and am.

WILLIAM WARRE. THURSDAY 6TH.

AGREED that Ten Thousand Pagodas be sent to Fort S^{t}. David by Mussoola, and a further supply by land as soon as the waters are something abated, that the Merchants may not have any pretence for not bringing in their cloth. Pags. 10000 to be sent to Ft. St. David by Mussoola.

——FORT ST. GEORGE, NOVEMBER 1712——

Finding yt we shall have occasn. for mony.

Finding that we shall speedily have occasion for mony to encourage the bringing in of goods both here and at Fort S^{t}. David.

6 chests of silver to be sold Sunca Rama at 16½ Dollrs. for 10 Pags.

AGREED that six chests of silver be forthwith delivered to Sunca Raña at sixteen and a half Dollars for ten Pagodas.

Debate concerning ye measuring.

A Debate arising concerning the measuring Farm for grain upon [the] peoples disputing to allow the small measure upon every Pagoda [when] the quantity amounts to a Garse, upon pretence that the Cowle ex[presses] particularly two fanams upon every garse, and therefore no more [is] to be paid.

The measuring Cowle was produced and read, wherein it is express'd measure upon every Pagoda's worth of grain, which words cannot [have] any other construction than that the buyer ought to allow a measure on every Pagoda that he buys, otherwise severall people might jo[yne] together to buy a Garse, and afterwards by dividing it among them [to] defraud the Measurer of his duty, and further it appears that the [pre]sent Farmer did relinquish the two fanams ℔ Garse of the buyer, [granted] him by the former Cowle, which we then did understand to be upon acco^{t}. of his receiving the measure upon every Pagoda.

Agreed yt ye Farmer do continue to receive ye duty as hitherto.

AGREED that the measuring Farmer do continue to receive that [due] as he has hitherto done.

Ths joynt stock Merchts positively refusing to abate any thing on ye formr. Contract.

The joynt stock Merchants having fully compleated their former Contract, and positively refusing to undertake any further unless we [give] them the same price, alledging that whilst the scarcity and dearness of grain continues they cannot consent to an abatement, it was [taken] into consideration, the great Tonnage we have upon our hands and the necessity we are under of getting in as many course goods as possible, and finding nobody that is willing or indeed able to answer our expectation but the present sett of men we deal with.

Agreed to give ym last years prizes if their goods come up to musters.

AGREED that we will give them the same price for all they bring in, in time for the shipping of this season, provided their goods come ex[act]ly up to muster, and this we hope will be some encouragement to them to exert themselves in bringing in as large quantitys as possible.

Presidt acqts ye Board yt he has [re] coverd 8 Europe Desertrs & prevaild wth two young lads of ye number to confess yo ringleadrs.

The President acquaints the Board that he has recoverd and brought back five Europe deserters that were got half way to Arcot, and also three others that went along the sea shore as farr as Sadrass, & that upon examination of two young lads Thomas Howard & Timothy Pearsons that were of the number, he has by promise of pardon prevaild with them to confess who were the ringleaders.

—— *FORT ST. GEORGE, NOVEMBER 1712* ——

They declare that Thomas Diggins perswaded them by severall arguments to enter in a list which he shewd them of near twenty more that had determind to go with the first opportunity, and particularly he insisted that there was a Letter in Town from Ensign Kirkbred who deserted some time ago from *Fort St. David*, encouraging all his country men to come to him in the Moors service, with assurances that they should receive pay from thirty to forty and fifty Rup^{s}. ℔ month.

They declare yt Thos Diggins perswaded ym to enter into a List of abot 20 more wch he shewd ym assuring ym they shoud have from 30 to 40 & 50 Rups a month in the Moors service.

Severall persons nam'd in the forementiond accusation and particularly Thomas Diggins, John Wall, William Wilkins, Anthony Johnson & Peter Capallee being examind, confess'd the whole matter and submitted to mercy, making some very trivial excuses and seeming to intimate that there was a great number of the Garrison in the same mind only waiting an opportunity to desert, but not being able to produce any proof we think it more prudent to let that matter drop, and upon debate came to the following resolutions.

the ringleaders confess the whole matter & submit to mercy.

That Thomas Diggins having formerly deserted from Fort S^{t}. David to our Chingee enemies during the time of the warr, for which he was mercifully pardond, and now having us'd his utmost endeavours to seduce as many as he could to accompany him the second time, and also contriv'd means to assist other deserters that were in prison wth instruments to dig their way out in order to go with him, appears to us to be a very dangerous person that will stick at nothing, wherefore it is agreed that he do run the gantlet very severely, and that he be afterwards kept in safe custody, and not permitted to see or discourse with any of the Military till further order.

Thos. Diggins to run the gantlet severely, afterwds to be comitted [to Custody & no body sufferd to converse with him.

That John Wall, William Wilkins, Anthony Johnson, and Peter Capallee do all run the gantlet having been the ringleaders of the rest.

4 more to run ye gantlet.

That John Simpson, Benjamin Caldey, & John Drakely who deserted to Sadrass do fling the die, and only one of them be punishd, and that the two lads who confess'd be pardon'd and the Cap^{tn}. of the Guard being calld in was directed to put these orders in execution.

3 othrs to fling ye die & but one of them to be punish'd, & ye two who confess'd pardond.

The ballance due from Mathew Empsons Warehouse acco^{t}. taken into consideration, and the reports formerly made thereupon revie [wed] which not appearing so plain and satisfactory as to warrant a final decision of that affair.

Mr. Empsons Warehe balle taken into consideratn.

AGREED that Mess^{rs}. Thomas Frederick & Bernard Benyon do revise the joint stock Merchants acco^{ts}. from the beginning Anno 1704 in order if possible to set this matter in a true light by a further report thereof to the Board.

Messrs. Frederick & Benyon to revise the joynt stock merchts. accts.

——*FORT ST. GEORGE, NOVEMBER 1712*——

the method of paying in mony promiscuously for silver & goods sold being inconvent.

And whereas it appears to us upon the late thorô examination of the Warehouse accoᵗˢ. for severall years past, that the method formerly usd of the Warehouskeepʳˢ. paying in money promiscuously for silver & goods sold is attended with many inconveniencys that make it difficult to revise the said accoᵗˢ. in order to discover such frauds as have crept in by negligence and mismanagement.

Ordd.yt it be ꝑticly specifyd in ye entry for ye future.

AGREED & ORDERED that for the future all mony for silver sold shall be paid into Consultation apart, and particularly specify'd as in the foregoing entry, so that it will plainly appear to the Board when and how all silver orderd to be sold is fully paid for.

Prsidt. acqts. the Board wth his endeavrs. to compound ye Metchlepm debt.

The President acquaints the Board that he has pursuant to the Honᵇˡᵉ Companys orders by the last shipping been strenuously endeavouring to compound the new Compᵃˢ. Metchlepatam debt on as low terms as possible and that finding the persons concernd had enterd into an agreement and firmly bound themselves under severe penaltys to stand by each other, and not treat apart for their respective shares, he thought it might be of singular service to break the knot of them, by prevailing with one of the most considerable to compound.

That Quolla Vincatrama having a considerable share in ye debt & being in great streights for mony.

Accordingly one Quolla Vincatrama son of Quolla Vinketadry deceasd, who has in his own name and other peoples severall shares in the aforesaid debt amounting to six Thousand Five hundred Eighty Five Pagodas $11\frac{1}{8}$ fa, and being condemnd in a fair arbitration by the heads of his cast to pay a large sum̃ of mony which he is indebted to Harreapa Braminy, which he cannot comply with unless he disposes of his severall shares in the new Companys bonds, but must lie and perish in prison, and execution warrant having been granted against him.

has offerd to compound his part in proportn. as 40000 pagˢ. is to the whole debt.

And the said Quolla Vincatrama having offered to sell and make over his severall shares in debt aforesaid to the President for the sum̃ of Four Thousand & Five Pagodas, which is in proportion as Forty Thousand Pagodas is to the whole debt of sixty Five Thousand seven hundred Sixty Five Pagodas, which was the principall sum̃ owing Anno 1704/5, as appears upon Consultation datᵈ. yᵉ 5ᵗʰ Febʳʸ provided he the said Quolla Vincatrama may be protected and saved harmless from the forementiond obligation, which he formerly enterd into with the rest of the persons concerned, the President offers to a debate whether this be not a good opportunity to make a beginning in hopes that the rest will follow.

this affair debated & sevll. resolutns. come to thereon.

After a thorô debate upon this affair, in which it was made appear by sufficient testimony that the late Governʳ. Pitt did offer Forty Five Thousand Pagodas six year ago, and considering that these people have been out of their mony ever since, that there is very near as much interest due as principall, and that most of the people concernd are so overwhelmd with debts, that they are grown in a manner desperate and ripe for any mischief, have thought fit to come to the following resolutions:

That this opportunity of compounding with Quolla Vincatrama is too fair and reasonable to be neglected.

That the Presidᵗ. do agree this matter, and purchase the debt for the Honᵇˡᵉ. Compᵃ. in his own name, taking full discharges according to the Gentue manner, because the bonds are lodgd at Metchlepatam and cannot at present be come at.

That this Board will always protect Quolla Vincatrama & his family from all damages that may be pretended by the rest of the persons concernd in this debt on accoᵗ. of the obligation, which he formerly enterd into, not to dispose of the whole or any part of his shares without their joynt consent, as we think it very unreasonable that the said Quolla Vincatrama should be obligd to perish in prison for want of wherewithall to satisfy his just debts, because he is fallen into circumstances which he did not foresee when he enterd into the Obligation, and the President declares he sent for all those Merchants concernd in the new Companys debt that are now upon the place, declard the nature of this affair to them, and ask'd them if they would supply him with a sum̃ of mony to save him from lying in prison, but they absolutely refus'd to advance him any thing.

——*FORT ST. GEORGE, NOVEMBER 1712*——

RESOLV'D further that it be one article in the agreement whenever the remainder of this debt is compounded, that the forementiond obligation to stand by each other be deliverd up.

ORDERD that the Accomptant do make up the acco^{t}. of wages due to the Maddapollam Braminy, and that what appears to be due to him be paid.

TUESDAY y^e^ 30TH.

Generall Letter from the President and Council in Bengall, dated y^e^ 10^th^ Decemb^r^. ℔ Mary, London & Derby read. Lre. from Bengll., datd 10th instt. read.

ORDERD that the Warehousekeep^r^. do unload the rice by the ship [Mary with] all possible Expedition. Warehouskr. to unload ye. Mary

William Martin Sea Customer pays into Cash One Thousand Pagodas on that acco^t^. Sea Customr. pays in 1000 Pags.

The President and Council in Bengall not having sent us a copy of Derbys dispatches and seeming in their letter to make a doubt whether said ship should come to this place or no, having ordered (as they expre[ss]) all three ships, that is to say the London, Mary & Derby to keep Company they are in or near Madrass road, and in another place mentioning th[at the] soldiers aboard the Derby are to be put aboard the Mary when those [. . .] part, if the Derby does not go with her into Madrass road, we were [*a line lost*] orders he kept Company with the London and Mary into this Port upon which he produced his originall dispatch, wherein we find he has positive orders to accompany the aforesaid ships to this place, and in case the Mary could be dispatchd hence in few days, so as to be sure of reaching the Dutch Fleet at the Cape, the Derby is then ordered to wait and go in Comp^a^. with [her] and the Capt^n^. having his dispatches for Europe and secret orders delivered him in Bengall, he is not any ways under our disposall, however upon his offering to follow our advice provided we would indemnify him, a debate arose the result of which was as follows. Produces his Bengll. [dispatches] wch. were read.

That we cannot any ways propose to unload what the Mary has aboard, fill her up and get her ready to sail before the 10^th^ of next month at soonest, be the weather never so fair, and allowing for rainy days that frequently happen in next month, which will both hinder our washers and sorters as well as the loading of goods, it may probably be y^e^ 15^th^ before we shall be able to dispatch her. y^t^ we cannot be able to [despatch] ye Mary till ye 10th inst at soonest.

The foregoing result being communicated to Cap^t^. Wotton he declares it his opinion that if he should stay so long to go in Comp^a^ with the Mary, it might be of great prejudice to both their passages, as the Derby is much the worst sailer of the two, and he do's not think he can answer staying so long without a positive order from us, because he should lose all hopes of coming up with the Dutch, which is what earnestly recommended to him in his dispatches, and he declares that if we leave it to himself he will make the best of his way to the Cape, where there is no doubt but he shall arrive time enough to joyn the Dutch. [. . . .] tis thought more ad[vantageous y^t^ [ye Darby do forthwith [. . .]

This answer leads us to consider that the Derby being a very rich ship and the Coast clear of the French ships at present, the certainty of her joyning the Dutch Fleet ought not to be put to the hazard. [. . . .]

That the Mary by her sailing so much better may have a good chance to reach the Cape before the Fleet is saild. [. . .]

That if they should go in Comp^a^. together, and by accident fall in w^th^ the two French ships (which are expected at Pontichery) in going off the Coast which is a hundred to one, being loaden pesterd ships and weak ships companys in comparison of the French, they would be an easy prey to light and clean ships of forty to fifty [. . .]

——*FORT ST. GEORGE, DECEMBER 1712*——

guns, & three to four hundred men each, therefore we think it every way more advisable to leave the Captain to his Bengall dispatches, accordingly he was calld in & made acquainted therewith, to which he returns answer that he will fill what water he has expended and immediately proceed.

[. . .] We cannot avoid remarking that Messrs. Page & Browne who dispatch'd these ships from Coxes write us also in their Letter that they have dispatchd the Derby directly for England, so that it is intirely left to the Captain how many days he thinks proper to stay here, without hazard [. . . . . .] Fleet.

Liberty granted Mr. Martin to imbark on ye Derby.

AGREED that William Martin have liberty to imbark on the [Derby] on the conditions mentioned in Consultation of the 22d. inst.

the purport of ye Lre recd from Bengll. by ye Mary & ca.

The Bengall letter dated the 10th of Decembr. advises that they [have] sent Leiut. Gourdon, Ensign Benson & a Sergeant with sixty soldiers upon the three ships, that they are in hopes to fill the Kent and despatch her directly from the Bay that they have receivd into [Cash] Five Thousand & Five Rupees, 1a: 6pce. on acct. Robert Raworth Esqr. [. . .] his debt due to the Honble Compa. for which this Presidency [. . .] that they have been disappointed of their freight for the London therefore have sent her hither in a manner empty with expectation getting it here, and have sent us no grain, because it was not pro [curable] thô we wrote for it four months ago; that they keep the Tin sent [. . .] by the Derby in hopes it will rise, thô there is a certainty of it's [selling at . . .] Surat for a very great price, that the Recovery is designd for [. . .] if they can get a freight, and that the Patna Prince has gained a [. . .] victory over the present Kings army.
